The Company has granted Red Cloud an option (the “**Over-Allotment Option**”, and together with the Underwritten Public Offering, the “**Public Offering**”), exercisable, in whole or in part, at any time for a period of up to 30 days after and including the Closing Date, to purchase for resale the number of additional Public Offering Securities equal to up to 15% of the number of Public Offering Securities sold pursuant to the Underwritten Public Offering at their respective offering prices to cover over allotments, if any, and for market stabilization purposes.

Concurrently with the Underwritten Public Offering, the Company has engaged Red Cloud to act as sole underwriter and bookrunner in connection with a “bought deal” private placement (the “**Underwritten Private Placement**”), pursuant to which Red Cloud has agreed to purchase, with the right to arrange for

The Public Offering and the Private Placement shall collectively be referred to as the “**Offerings**”.

An aggregate of C\$8,000,000 in gross proceeds will be raised from the Underwritten Public Offering and Underwritten Private Placement (C\$9,200,000 in aggregate gross proceeds assuming the Over-Allotment Option and Underwriter’s Option are exercised in full).

The net proceeds from the Offerings will be used by the Company for the commissioning and restart of gold production operations at the Company’s wholly-owned Beacon Gold Mine, exploration programs on the Company’s Swanson Gold Project in Québec as well as for working capital and general corporate purposes.

The gross proceeds from the sale of Charity FT Units and FT Units will be used by the Company to incur eligible “Canadian exploration expenses” that qualify as “flow-through mining expenditures” as such terms are defined in the Income Tax Act (the “**Qualifying Expenditures**”) related to the Company’s Swanson Gold Project on or before December 31, 2027. All Qualifying Expenditures will be renounced in favour of the subscribers of the FT Units and Charity FT Units effective December 31, 2026.

In connection with the Public Offering, the Company intends to file a prospectus supplement (the “**Supplement**”) to the Company’s short form base shelf prospectus dated May 21, 2026 (the “**Shelf Prospectus**”), to qualify the distribution of the Public Offering Securities, with the securities regulatory authorities in the provinces of British Columbia, Alberta, Saskatchewan, Manitoba and Ontario. The Units may also be sold in the United States on a private placement basis pursuant to one or more exemptions from the registration requirements of the United States Securities Act of 1933, as amended (the “**U.S. Securities Act**”) and in such other jurisdictions outside of Canada and the United States, as may be approved by the Company, in each case in accordance with all applicable laws provided that no prospectus, registration statement or similar document is required to be filed in such jurisdiction.

The FT Units will be offered by way of the “accredited investor” and “minimum amount investment” exemptions under National Instrument 45-106 – *Prospectus Exemptions* in the provinces of British Columbia, Alberta, Manitoba, Saskatchewan, Ontario and Québec. The securities issuable from the sale of FT Units will be subject to a hold period in Canada ending on the date that is four months plus one day following the Closing Date as defined in Subsection 2.5(2) of National Instrument 45-102 – *Resale of Securities*.
