Report on Business

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

On September 4th, the Company announced that it had received approval by the Florida Department of Health to implement FlorPass the state's first online patient management system, connecting patients, physicians and cannabis retailers in one system to provide enhanced care. FlorPass was developed by Alternate Health Corp., an international corporation that provides software solutions for the medical cannabis industry. Patients will now have the ability to browse medical cannabis products, make purchases and arrange delivery through the FlorPass secure online portal. FlorPass is the patient management software of choice for many of the state's leading cannabis clinics and physicians, representing nearly 6,000 medical cannabis patients.

On September 6th, the Company announced that it had experienced a 95% increase in sales revenue in the three-month period ended September 31, 2018 compared to the previous three-month period which ended May 31, 2018. Liberty's recent quarterly revenue totalled \$2.2 million compared to \$1.1 million for the previous quarter.

On September 10th, the Company announced that it has become the first brand partner for the PAX Era, an easy-to-use, temperature controlled portable cannabis oil vaporizer, in the Florida market. The PAX Era vapor platform and compatible pod technology will be available in all of Liberty's Cannabis Education Centers (CEC) locations and through delivery starting October 2018.

On September 13th, the Company announced that they have entered an exclusive partnership with AdaViv Inc., a hardware-enabled, predictive agriculture company, to improve production of cannabis at its Liberty Health Sciences 360 Innovation Campus in Gainesville, FL. AdaViv will integrate its adaptive Computer Vision software and Machine Learning platform into Liberty's 360 Innovation Campus and, together, will look to push the state-of-the-art in greenhouse technology and precision growing to new levels of productivity and efficiency. AdaViv's technology enables 24/7 plant-level inspection as well as AI computer vision to uncover hidden plant biometrics that translates data into actionable insights for growers like Liberty. AdaViv was founded by an interdisciplinary team of MIT researchers and alumni.

The Company intends to continue to look at strategic avenues for growth including, but not limited to, evaluating targets for expansion in key U.S. states that have approved medical use of marijuana and meet its stringent investment criteria.

2. Provide a general overview and discussion of the activities of management.

In Florida, in addition to overseeing the retrofit activities at Liberty 360, Management continues to seek potential dispensary sites.

In Massachusetts, Management is working on developing a strategy to optimize the opportunity in light of adult-use being now being legal in the state.

3. Describe and provide details of any new products or services developed or offered. For resource companies, provide details of new drilling, exploration or production programs and acquisitions of any new properties and attach any mineral or oil and gas or other reports required under Ontario securities law.

As described in # 1, the Company will carry the PAX Era vapor platform in Florida. In addition, Liberty will offer FlorPass, the state's first online patient management system, connecting patients, physicians and cannabis retailers in one system to provide enhanced care in the state of Florida.
