Certain information in this press release constitutes forward-looking statements under applicable securities laws. Any statements that are contained in this news release that are not statements of historical fact may be deemed to be forward-looking statements. Forward-looking statements are often identified by terms such as "may", "should", "anticipate", "expect", "potential", "believe", "intend" or negatives of these terms and similar expressions. Forward-looking statements are based on certain assumptions, including renovations at the Carthage, Tennessee facility will be completed sufficiently quickly, the Company being able to secure sufficient hemp biomass to enable commercial production at the Carthage, Tennessee facility, pre-construction and construction activities will be completed at the Carmen de Viboral, Colombia facility by Q2/2021, the Company will obtain equipment financing for construction activities and the purchase of extraction equipment at the Carmen de Viboral facility, and that the Town of Pelham, Ontario, the newly introduced zoning by-law and other related amendments, and the three separate legal challenges involving the Town of Pelham will not unduly restrict the Company's cannabis and hemp operations. Other assumptions include industry trends, growth opportunities will be available, and general business, economic, competitive, political and social uncertainties will not prevent the Company from conducting its business. While Leviathan considers these assumptions to be reasonable based on information currently available, they are inherently subject to significant business, economic and competitive uncertainties and contingencies and they

may prove to be incorrect. Forward- looking information speaks only to such assumptions as of the date of this release.

Forward-looking statements also necessarily involve known and unknown risks, including without limitation, risks associated with general economic conditions, adverse industry events, marketing costs, loss of markets, future legislative and regulatory developments, the inability to access sufficient capital on favourable terms, the medical and recreational cannabis industry in Canada and internationally, income tax and regulatory matters, the ability of Leviathan to execute its business strategies, competition, crop failure, currency and interest rate fluctuations, delays in construction of the Carmen de Viboral, Colombia facility, the inability to obtain equipment financing for the Carmen de Viboral facility, the risk that the newly introduced zoning by-law and other related amendments and the three separate legal challenges involving the Town of Pelham will unduly restrict the Company's cannabis and hemp operations in the Town of Pelham, Ontario, and other risks. Readers are cautioned that the foregoing is not exhaustive. Readers are further cautioned not to place undue reliance on forward-looking statements as there can be no assurance that the plans, intentions or expectations upon which they are placed will occur. Such information, although considered reasonable by management at the time of preparation, may prove to be incorrect and actual results may differ from those anticipated.
