Ore mined increased 6% whereas ore grade decreased 11%. The combined effect was a 6% decrease in contained ounces of gold mined during November 2020 compared to October 2020. There was also a 7% decrease in tonnes of waste mined.

The Company's Corihuarmi mine shipped 2,430 ounces of gold, 217 ounces more than the previous month (2,213 ounces). To date, 20,406 ounces of gold have been shipped in comparison to 21,114 during the same period of the previous year.

2. Provide a general overview and discussion of the activities of management.
In early March 2020, the Company reinforced the application of its health and safety protocols, which encapsulated the operations of the Corihuarmi mine and Ollachea project as far as possible against the worldwide crisis caused by COVID-19. To date, no significant disruptions on mining operations, gold production or sales have occurred; and gold prices have increased. The Peruvian government has approved the Corihuarmi mine's COVID-19 surveillance, prevention and control plan which allows the continuation of its mining operations. Although there might be certain difficulties on the supply chain and gold transportation, the Company is confident it will overcome these difficulties. In this sense, the Company considers that it has taken appropriate measures in contemplation of the impact of COVID-19.

On 12 November 2020 the Company announced it has settled its dispute with COFIDE. The summary of the settlement is that the Company owes COFIDE US\$70 million in principal and US\$ 31.9 million of accrued interest (calculated to November 10, 2020) and COFIDE owes the Company US\$34.2 million in principal pursuant to the September 2019 Arbitration Award, plus interest from July 17, 2017 to the date of payment. The amounts due will be offset. The Company will pay the

net balance to COFIDE within 36 months and COFIDE will withdraw its legal claim for annulment of the Arbitration Award.

In June 2015, the Company announced that it had arranged a \$70,000,000 secured finance facility (the "Bridge Loan") structured by the Peruvian state-owned development and promotion bank, Corporación Financiera de Desarrollo S.A. ("COFIDE") and syndicated through Goldman Sachs Bank USA. The Bridge Loan was part of a senior project credit facility of up to \$240,000,000 described in a letter of mandate signed by COFIDE and Minera IRL. This senior project credit facility was to be structured by COFIDE, in conjunction with Minera IRL, to build the Ollachea Gold Project (the "Ollachea Project").

In March 2017 COFIDE terminated the letter of mandate without providing any reason for their decision. The Bridge Loan was due for repayment in June 2017.

On 20 June 2017 the Company announced it had filed a request for an arbitration against COFIDE with the Arbitration Centre of the Lima Chamber of Commerce.

On 16 September 2019 the Company announced that the Court of Arbitration had issued its Arbitration Award. The Award provided that COFIDE must pay an aggregate amount of \$34.2 million for damages. The Court of Arbitration declared that it did not have jurisdiction to require repayment of the Bridge Loan because

the Bridge Loan facility expressly provides that it is subject to the jurisdiction of the courts of New York. Subsequently, COFIDE filed a lawsuit for annulment of the Arbitration Award

On 31 December 2019 the Company signed a Memorandum of Understanding (“MOU”) with COFIDE which was extended several times until 7 November 2020. During this period both the collection of damages by the Company and the collection of the debt and/or interests by COFIDE remained suspended. The objective of the MOU was to allow both parties to reach an agreement in settlement of the obligations imposed by the Arbitration Award as well as related matters, including repayment of the Bridge Loan.

On 12 November 2020 the Company announced it had settled its dispute with COFIDE. The summary of the settlement is that the Company owes COFIDE US\$70 million in principal and US\$ 31.9 million of accrued interest (calculated to 10 November 2020) and COFIDE owes the Company US\$34.2 million in principal pursuant to the September 2019 Arbitration Award, plus interest from July 17, 2017 to the date of payment. The amounts due will be offset. The Company will pay the net balance to COFIDE within 36 months and COFIDE will withdraw its legal claim for annulment of the Arbitration Award.

The Bridge Loan is secured by the Ollachea Project’s assets, mining reserves, mining concessions and rights and a pledge of the shares of the Company’s subsidiary, Compañía Minera Kuri Kullu S.A., which holds the Ollachea Project. The assets of the Corihuarmi Mine are not included as a guarantee of the Bridge Loan. If the Company is not able to secure an alternative source of funds to repay the debt with COFIDE the Company may have to relinquish its ownership of the subsidiary, Compañía Minera Kuri Kullu S.A. and therefore the Ollachea Project.
