## **MAG ONE PRODUCTS: Promo, Private Placement, Building lease, Update**

VANCOUVER, British Columbia, Canada. **13 July 2016.**

**MAG ONE PRODUCTS INC.**, (“Mag One” or “the Company”) has engaged Gold Standard Media, LLC (“GSM”) to provide certain financial publishing and digital marketing services to Mag One, by focusing on introducing the Company to a broader audience. GSM will expose Mag One and its methods of producing 99.9% wt. pure magnesium (“Mg”) ingots, Mg-related compounds and byproducts and the Magboards’ business to investors. GSM is a Texas-based firm headed by Kenneth Ameduri, a media and investor relations specialist. The first program commences immediately and will run through Fall 2016.

### **Private Placement:**

Accordingly, Mag One wishes to announce that it will issue up to 1,000,000 units at \$1.00/unit; each unit to consist of one common share and one full warrant—exercisable for two years at \$1.10. Funds raised to be used for the ongoing development work on the Company’s Magnesium production facilities in Quebec.

### **Building Lease:**

The Company has entered into an Agreement to Lease, with an option to purchase, an existing 11,000 sq.ft building along with two acres that are located on the Mine Jeffrey property in Quebec, close to Mag One’s huge stockpile of already-mined serpentine tailings. This facility and the acreage will house the Magboards.ca assembly plant. All lease payments are credited to the purchase price such that the building is fully-paid for, in five years, on lease payments of \$5,000/month.

### **Stock Option Grant:**

The Company has also granted an aggregate of 170,000 stock options to consultants exercisable at \$1.10 for a five-year term, in accordance with the Company's stock option plan.

Signed:

Nelson M. Skalbania,  
Chairman
