MOTA VENTURES ANNOUNCES SUCCESSFUL LAUNCH OF NEW “IMMUNE SUPPORT” PRODUCT

VANCOUVER, BC, CANADA (March 18, 2020) – **Mota Ventures Corp. (CSE:MOTA FSE:1WZ:GR OTC: PEMTF)** (the “**Company**”) announces that First Class CBD has launched a new “immune support” product that has generated significant demand since it was released. This is the first of a number of new CBD products aimed at promoting personal immune health that First Class is developing.

One of our primary competitive advantages as a business is our ability to adapt to market changes. With the immense demand in the market for products to promote personal immune system health, we launched a First Class immune product; during the first four days, we acquired over 1,000 customers and will be scaling rapidly. Next week we will be launching a complete line of immunity products, including a CBD oil plus B-vitamins, Vitamin C and Zinc.

Our mission is to provide pure and efficacious products to our customers that depend upon us throughout the United States and Europe. Our supply chain is functioning uninterrupted. The Company has personally met with suppliers in the United States and are confident in its ability to continue to meet the demands of the current sales volume, and new product lines for March 2020 and beyond.

“I am extremely pleased with the success of our launch of our new product line. Our ability to adapt and innovate is stronger than ever. Demand for our new immune category has been exceptional and I believe this will be a significant driver to revenue in 2020,” stated Ryan Hoggan, CEO of the Company.
