BIG did not discontinue any products or services in February 2019.

5. Describe any new business relationships entered into between the Issuer, the Issuer’s affiliates or third parties including contracts to supply products or services, joint venture agreements and licensing agreements etc. State whether the relationship is with a Related Person of the Issuer and provide details of the relationship.

On February 20, 2019, the Company announced that it has signed a client agreement with SBI BITS, a subsidiary of Japan’s SBI Holdings, Inc., whereby SBI BITS will use BIG’s BitRank Verified® transaction risk-scoring service and QLUE™ cryptocurrency forensic investigation platform service. SBI has integrated BIG’s BitRank Verified® transaction risk-scoring service into its VCTRADE platform, providing additional AML checks to its rapidly growing client base. The Agreement marks the culmination of collaborative efforts between the parties, SBI BITS testing of BIG’s services and reviewing of data sets, algorithms and on and off chain information unique to BIG that sets it apart from its competitors. With BIG’s suite of compliance solutions, SBI is able to execute regulatory compliance for its VCTRADE cryptocurrency trading platform. The initial, one-year contract for the use of BIG’s BitRank Verified® transaction risk-scoring service and the QLUE™ cryptocurrency investigation platform service will result in estimated revenues of USD \$30,000 to BIG. Based upon the calibre of the customer and with the view of forging a long-term relationship, BIG is working closely with SBI VC to support their growing list of product offerings.

16. Provide details of any changes in directors, officers or committee members.

This item is not applicable.

17. Discuss any trends which are likely to impact the Issuer including trends in the Issuer’s market(s) or political/regulatory trends.

In recent years there has been a dramatic surge of interest in blockchain technology and cryptocurrencies. This disruptive technology has led to an explosion of new applications, platforms and technologies being launched. The prices of cryptocurrencies, in particular Bitcoin, have declined steeply since the all-time highs of late 2017. Despite this fall in prices, the sector is expected to experience growth in trading volumes during 2019. The cryptocurrency market, which has now entered into the longest ever bear market, is expected to remain highly volatile throughout 2019 and likely beyond.
