Date: **September 7, 2018**

1. Report on Business

St-Georges is developing new technologies to solve some of the most common environmental problems in the mining industry.

The Company controls directly or indirectly, through rights of first refusal, all of the active mineral tenures in Iceland. It also explores for nickel on the Julie Nickel Project & for industrial minerals on Quebec's North Shore and for lithium and rare metals in Northern Quebec and in the Abitibi region. Headquartered in Montreal, St-Georges' stock is listed on the CSE under the symbol SX, on the US OTC under the Symbol SXOOF and on the Frankfurt Stock Exchange under the symbol 85G1.

2. Other Corporate matters

Lithium extraction technology licensing agreement

On August 8, 2018 the company announced that it signed a binding term sheet with Hipo Resources Ltd (ASX: HIP), a public company based in Australia. St-Georges agreed to provide research and development utilizing products, extraction methods and proprietary technology to develop Hipo's Democratic Republic of Congo lithium project in separation, recovery, and purification of lithium from its lithium-bearing material.

ZeU Crypto Networks

On August 13, 2018 the company announced that its subsidiary ZeU Crypto Networks Inc. ("ZeU") received a termination notice for the asset purchase agreement among ZeU, Qingdao Tiande Technologies Limited, an affiliate of Beijing Tiande Technologies Limited's (collectively "Tiande"), with the intervention of Guiyang Tiande Technologies Limited.

The termination notice requested to renegotiate a new agreement, however despite significant concessions offered by ZeU, the demands made by Tiande were simply not

possible to accommodate in terms of both commercial viability and securities regulations.

ZeU Crypto Networks is advancing its listing process as planned, while simultaneously strengthening and establishing its technical team. The company will publish updates as materiality requires it. The management, employees or consultants working with ZeU will not comment publicly or privately on matters of strategy or on the business model it is implementing.

Management Changes

On August 13, 2018 the company also announced that Mark Billings will assume the position of Executive Chairman of St-Georges and Vilhjalmur T. Vilhjalmsson will assume the position of Interim President & CEO. Frank Dumas will focus his time on St-Georges' subsidiaries, ZeU Crypto Networks Inc. and Borealis EHF in the capacity of President.

Hydro Electric Dam Option: Íslensk Vatnsorka EHF (ÍV)

On August 18, 2018 the company received a forced execution notice for an option agreement pre-dating St-Georges' acquisition of the company. The option allows St-Georges' Iceland Resources to acquire 15% of the energy developer company Íslensk Vatnsorka HF through an agreement with its largest shareholder Spá EHF.

Iceland Resources ehf decided to execute its option to acquire 15% of ÍV for 50 million ISK (approximately \$600,000). In order to meet its obligation, St-Georges will issue a 5-year 6% capitalized debenture. In addition, Iceland Resources will appoint Mr. Frank Dumas to the board of ÍV and will have first right of refusal on all new equity financing done by Íslensk Vatnsorka.
