

FORM 7

MONTHLY PROGRESS REPORT

Name of Listed Issuer: World Class Extractions Inc. (“World-Class” or the “Company”).

Trading Symbol: PUMP

Number of Outstanding Listed Securities: 600,196,572

Date: November 6, 2019

This Monthly Progress Report must be posted before the opening of trading on the fifth trading day of each month. This report is not intended to replace the Issuer’s obligation to separately report material information forthwith upon the information becoming known to management or to post the forms required by Exchange Policies. If material information became known and was reported during the preceding month to which this report relates, this report should refer to the material information, the news release date and the posting date on the Exchange website.

This report is intended to keep investors and the market informed of the Issuer’s ongoing business and management activities that occurred during the preceding month. Do not discuss goals or future plans unless they have crystallized to the point that they are "material information" as defined in the Policies. The discussion in this report must be factual, balanced and non-promotional.

General Instructions

- (a) Prepare this Monthly Progress Report using the format set out below. The sequence of questions must not be altered nor should questions be omitted or left unanswered. The answers to the items must be in narrative form. State when the answer to any item is negative or not applicable to the Issuer. The title to each item must precede the answer.
- (b) The term “Issuer” includes the Issuer and any of its subsidiaries.
- (c) Terms used and not defined in this form are defined or interpreted in Policy 1 – Interpretation and General Provisions.

Report on Business

1. Provide a general overview and discussion of the development of the Issuer’s business and operations over the previous month. Where the Issuer was inactive disclose this fact.

The Company manufactures industrial grade extraction machinery for cannabis and hemp processing and has established technologies and processes for extraction and compound isolation. In addition to equipment manufacturing, the Company is establishing extraction and processing facilities through strategic joint venture partnerships, including custom facility engineering designs, in-house oil production for wholesale distribution, toll processing (white label extracted and formulated

cannabis oil for independent brands), the development of ancillary consumption devices and continued R&D. The Company is also exploring the preprocessing options of the raw cannabis and hemp material for efficient input extraction and processing. The Company is working to become the Canadian leader in industrial-scale cannabis and hemp extraction and processing by providing cost-effective and at-scale production of consistent, high-quality extracts and isolates.

World-Class Signs LOI with Canntab Therapeutics to Deploy its Second Extraction & Processing Facility

On October 8, 2019, World Class announced the signing of a binding Letter of Intent ("LOI") to establish a joint venture (the "Joint Venture") with Canntab Therapeutics Limited (CSE:PILL.CN) ("Canntab") to set-up, manage and operate a cannabis and hemp extraction and processing facility at Canntab's manufacturing center in Markham, Ontario (the "Facility"). World-Class is entering into various joint venture agreements to deploy its systems and this agreement represents the second Canadian deployment. Canntab, a leading innovator in cannabinoid and terpene blends in hard pill form for therapeutic application, is a late stage applicant under the Cannabis Act (Canada). The Facility will process high-quality cannabis and hemp oils and derivatives upon Canntab receiving its Standard Processing license from Health Canada. World-Class and Canntab will each hold a 50% interest in the Joint Venture. The Joint Venture will generate revenue from extraction and processing of cannabis and hemp through its biomass extraction and processing services for third-party license holders ("Toll Processing").

The Facility is expected to commence operation by the end of 2019 (pending Health Canada approval) and will initially have an extraction and processing capacity of up to 220 kilos of biomass per day, which, for example, could provide approximately 18 kilos of oil from high potency cannabis, depending on the concentration levels of the input biomass. The net operating income generated from operations of the Joint Venture will be paid to World-Class until the Systems are fully paid. Thereafter, World-Class and Canntab will share the net profit generated in the Joint Venture 50/50.

As part of the Joint Venture, World-Class will provide equipment and systems (the "Systems") as well as its expertise and management in the production of cannabis and hemp extracts to be used in Canntab's solid pill and gel-capsule formulations. Under the agreement, the Systems will remain under World-Class ownership until fully paid for, at which time the Systems will become the property of the Joint Venture. Canntab has completed the construction of the area for the Facility, and under the guidance of World-Class, Canntab and World-Class are working together to finalize the installation plan of the Systems to set-up and deploy the Facility.

Deployment of the Systems commence in October 2019, and include two (2) second generation BOSS CO2 Extraction Systems (the "BOSS"), along with all other required processing equipment, from the preparation of biomass to the final refinement of oil, including remediation equipment to clean and remove undesirable elements from the oil.

The BOSS provides proprietary systems and methods for producing cannabis extracts. Its technology performs sub-critical and super-critical CO2 extraction; combines proprietary max flow technology with advanced thermodynamics, automated features, exclusive plug and play design with a CIP (Clean-in-Place) system. The BOSS can process up to 110 kg per day, providing cannabis and hemp license holders with access to cost-efficient technology to extract oil to produce value-added products

2. Provide a general overview and discussion of the activities of management.

Please refer to #1 above.

3. Describe and provide details of any new products or services developed or offered. For resource companies, provide details of new drilling, exploration or production programs and acquisitions of any new properties and attach any mineral or oil and gas or other reports required under Ontario securities law. **N/A**
4. Describe and provide details of any products or services that were discontinued. For resource companies, provide details of any drilling, exploration or production programs that have been amended or abandoned. **N/A**
5. Describe any new business relationships entered into between the Issuer, the Issuer's affiliates or third parties including contracts to supply products or services, joint venture agreements and licensing agreements etc. State whether the relationship is with a Related Person of the Issuer and provide details of the relationship.

Please refer to #1 above.

6. Describe the expiry or termination of any contracts or agreements between the Issuer, the Issuer's affiliates or third parties or cancellation of any financing arrangements that have been previously announced. **N/A**
7. Describe any acquisitions by the Issuer or dispositions of the Issuer's assets that occurred during the preceding month. Provide details of the nature of the assets acquired or disposed of and provide details of the consideration paid or payable together with a schedule of payments if applicable, and of any valuation. State how the consideration was determined and whether the acquisition was from or the disposition was to a Related Person of the Issuer and provide details of the relationship. **N/A**
8. Describe the acquisition of new customers or loss of customers. **N/A**
9. Describe any new developments or effects on intangible products such as brand names, circulation lists, copyrights, franchises, licenses, patents, software, subscription lists and trade-marks. **N/A**

10. Report on any employee hirings, terminations or lay-offs with details of anticipated length of lay-offs. **N/A**
11. Report on any labour disputes and resolutions of those disputes if applicable. **N/A**
12. Describe and provide details of legal proceedings to which the Issuer became a party, including the name of the court or agency, the date instituted, the principal parties to the proceedings, the nature of the claim, the amount claimed, if any, if the proceedings are being contested, and the present status of the proceedings. **N/A**
13. Provide details of any indebtedness incurred or repaid by the Issuer together with the terms of such indebtedness. **N/A**
14. Provide details of any securities issued and options or warrants granted. **N/A**
15. Provide details of any loans to or by Related Persons. **N/A**
16. Provide details of any changes in directors, officers or committee members. **N/A**
17. Discuss any trends which are likely to impact the Issuer including trends in the Issuer's market(s) or political/regulatory trends. **N/A**

Certificate Of Compliance

The undersigned hereby certifies that:

1. The undersigned is a director and/or senior officer of the Issuer and has been duly authorized by a resolution of the board of directors of the Issuer to sign this Certificate of Compliance.
2. As of the date hereof there were is no material information concerning the Issuer which has not been publicly disclosed.
3. The undersigned hereby certifies to the Exchange that the Issuer is in compliance with the requirements of applicable securities legislation (as such term is defined in National Instrument 14-101) and all Exchange Requirements (as defined in CNSX Policy 1).
4. All of the information in this Form 7 Monthly Progress Report is true.

Dated November 6, 2019.
