against the Company, alleging a breach of the Indenture Agreement occurred when Nabix Holdings Inc. deferred the interest payment due to the unsecured debenture holders on June 30, 2020.

On July 13, 2020, the Company received notice from the Trustee indicating that the missed June interest payment constitutes an Event of Default as defined in the Indenture and accordingly, the outstanding \$35,791,759 representing principal and accrued interest (the "Indebtedness") of the unsecured convertible debentures were due and payable by July 23, 2020. The notice failed to address the Company's reliance on the force majeure clause which states that an interest payment missed due to epidemics or governmental actions do not constitute an Event of Default.
