Trading Symbol: NITE

Number of Outstanding Listed Securities: 56,471,844

Date: April 4, 2019

This Monthly Progress Report must be posted before the opening of trading on the fifth trading day of each month. This report is not intended to replace the Issuer's obligation to separately report material information forthwith upon the information becoming known to management or to post the forms required by Exchange Policies. If material information became known and was reported during the preceding month to which this report relates, this report should refer to the material information, the news release date and the posting date on the Exchange website.

This report is intended to keep investors and the market informed of the Issuer's ongoing business and management activities that occurred during the preceding month. Do not discuss goals or future plans unless they have crystallized to the point that they are "material information" as defined in the Policies. The discussion in this report must be factual, balanced and non-promotional.

#### **General Instructions**

- (a) Prepare this Monthly Progress Report using the format set out below. The sequence of questions must not be altered nor should questions be omitted or left unanswered. The answers to the items must be in narrative form. State when the answer to any item is negative or not applicable to the Issuer. The title to each item must precede the answer.
- (b) The term "Issuer" includes the Issuer and any of its subsidiaries.
- (c) Terms used and not defined in this form are defined or interpreted in Policy 1 – Interpretation and General Provisions.

#### **Report on Business**

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

Cryptanite is a technology company building blockchain solutions for a variety of sectors including financial technology, marketplaces, and virtual reality social networks. The company is also exploring the application of blockchain technologies to other sectors such as real estate, healthcare and telecommunications.

Cryptanite's core technology is the Cryptanite mobile app which is a peer-to-peer marketplace with innovative UX making it easy for users to purchase and trade diversified bundles of crypto

tokens as well as access cryptocurrency news and charts. The Cryptanite App includes a variety of pre-configured baskets such as the “HODL” bundle, and “SIZE” bundle, as well as the option to create customized bundles. The App is designed to provide a secure, easy-to-use and frictionless process to buy, trade, and store a diversified collection of several dozen crypto tokens, including Bitcoin, Ethereum, Ripple, Stellar and Dash. The app is available in the Apple and Google Play stores. The Cryptanite ecosystem has a growing portfolio of innovative features on its mobile platform and continues to develop innovative solutions on the front range of blockchain technologies. At present, the Application is available for the users in its Beta-version, as the core development and improvement of the product and its functionalities still continues.

The Chargacard platform is a payment processing platform for the informal credit markets.

2. Provide a general overview and discussion of the activities of management.

Management of the Issuer continues to build strategic partnerships in the blockchain sector with a focus to grow its revenue generating blockchain consulting business which is designed to provide clients with the business analytics, project management and technology solutions to build blockchain technology products and platforms for clients.

3. Describe and provide details of any new products or services developed or offered. For resource companies, provide details of new drilling, exploration or production programs and acquisitions of any new properties and attach any mineral or oil and gas or other reports required under Ontario securities law.

The Issuer has been developing its peer-to-peer cryptocurrency exchange and cryptocurrency bundles, as well as developing a marketplace for cryptocurrency and blockchain apps which was launched in beta version in January 2019.

Additional features which are currently in R&D phase include:

- Chat: an instant messaging “chat” feature within the app allowing users to communicate on the platform and to share ideas, further enhancing the Cryptanite ecosystem.
- User Rankings (based on the CryptaKings performance model): which rank the performance of users of the platform to help identify experts and build an expert and influencer network. The system currently tracks Twitter influencers.
- DollaCoin: is a stable coin which will be linked to the US Dollar and will allow users to store tokens in their decentralized DollaBank account. The target market is primarily mobile underbanked people globally. The coin is currently in development and scheduled for alpha release in 2019.
- Cryptanite Payments (CryptaPay) Cryptanite has developed a payments app that makes it easy for users to spend their cryptocurrencies online and at retail locations. The app is currently in beta. Cryptanite is exploring integration of the core features into the Cryptanite app.
- Cryptanite Mining: the Company is also exploring mobile cloud mining facilities as an additional feature within the Cryptanite ecosystem.
- Codius Cloud: the Company launched Codius cloud in Q2 2018 offering cloud hosting solutions for decentralized applications. The Codius hosting platform makes it easy to

build, deploy and run decentralized applications. The solution is currently undergoing market feasibility.

4. Describe and provide details of any products or services that were discontinued. For resource companies, provide details of any drilling, exploration or production programs that have been amended or abandoned.

- there was a change of a party to the Shareholders Agreement between Cryptanite (the Issuer) and a group of three blockchain developers, based in Colorado, USA: provision of an investment loan for the video game industry software development project and blockchain product named "Heroes of Ether", participation in incorporation of a common legal entity and obtention of up to 20% of shares in the mentioned entity, which was reported last month. The Issuer was replaced by Chargacard, Inc. (a wholly owned subsidiary of the Issuer in the US) for organizational reasons.

- the process of transferring Henry Duong, CTO of Chargacard, Inc. (a wholly owned subsidiary of the Issuer in the US) to the position to CTO of the Issuer (Cryptanite Blockchain Technologies Corp, a parent company), which was reported last month, now is cancelled for organizational reasons.

6. Describe the expiry or termination of any contracts or agreements between the Issuer, the Issuer's affiliates or third parties or cancellation of any financing arrangements that have been previously announced.

- None

7. Describe any acquisitions by the Issuer or dispositions of the Issuer's assets that occurred during the preceding month. Provide details of the nature of the assets acquired or disposed of and provide details of the consideration paid or payable together with a schedule of payments if applicable, and of any valuation. State how the consideration was determined and whether the acquisition was from or the disposition was to a Related Person of the Issuer and provide details of the relationship.

- Creation of intangible assets (commercial videos, created in-house)
- The Issuer approved by relevant Resolution of the Board of Directors the decision of Chargacard, Inc. (a wholly owned subsidiary of the Issuer in the US) to sell certain property (Equipment) and the real estate property of the latter. It concerns the mining equipment of Chargacard, Inc. purchased during 2018 in the course of the Chargacard's blockchain and virtual currencies mining planning and activity. Some part of the equipment was used and the other part of the equipment was stored and was never used. There were changes in the current business environment, therefore, after relevant considerations it was concluded that there's no more need to use, store and maintain certain equipment of

ChargaCard. The Total Balance Value of the Equipment is \$140,866.21 USD. The value is determined in accordance with the applicable accounting rules, considering the depreciation of the used equipment and its current fair market value, and considering the impairment test conducted and applied to the unused equipment. The equipment is offered for sale to its initial supplier, as well as through the online auction Ebay and through the other information and trading platforms, searching potential buyers and other interested persons. As of the date hereof, first several transactions have already taken place for about \$10,000 USD in total.

- The Issuer approved by relevant Resolution of the Board of Directors the decision of ChargaCard, Inc. (a wholly owned subsidiary of the Issuer in the US) to sell the real estate property of the latter. It concerns the real estate property located at Nederland, CO 80466, USA, which was purchased, maintained and administered by ChargaCard in 2018 in the course of planning and development of the ChargaCard's blockchain projects, marketing and business activity. There were changes in the current business environment, therefore, after relevant considerations it was concluded to develop and to concentrate the software development teams in the location and offices of the ChargaCard's subsidiary Intellabridge LLC, Ukraine, and there was no more need to use, maintain and develop an office space in Colorado, USA. The balance value of the equipment is \$372,572.59 USD. The value is determined in accordance with the records in the books of the company and with the applicable accounting rules.

8. Describe the acquisition of new customers or loss of customers.

- Cryptanite – More than 1,000 new customers downloaded the mobile application

9. Describe any new developments or effects on intangible products such as brand names, circulation lists, copyrights, franchises, licenses, patents, software, subscription lists and trademarks.

ChargaCard Inc. (a wholly owned subsidiary of the Issuer in the US) filed an application for the trademark "Cryptanite" on November 17, 2017. The trademark was approved by USPTO, but on March 5, 2018 Warner Brothers Entertainment Inc. filed an objection to use the mark CRYPTANITE. ChargaCard Inc. promptly responded to the objection, but on April 23, 2018 Warner Brothers Entertainment Inc. filed a Notice to Objection.

ChargaCard Inc. involved the legal firm Neugeboren O' Dowd PC to handle the case. Neugeboren O' Dowd PC provided a response to the Notice of Opposition.

Warner Brothers Entertainment Inc./DC Comics offered terms of trademark coexistence. ChargaCard Inc. studied the terms, but Warner Brothers Entertainment Inc./DC Comics withdrew its offer for trademark coexistence and initiated an opposition before Trademark Trial and Appeal Board against ChargaCard's attempt to register the mark CRYPTANITE.

ChargaCard Inc. has responded to the Opposer's First Set of Interrogatories within the stage of Initial Disclosures (in February 2019).

ChargaCard Inc. has submitted its First and Second Supplemental Responses to DC Comic's (the Opposer) First Set of Interrogatories within the stage of Initial Disclosures (in March 2019). Now ChargaCard is preparing for the next steps of the proceedings.
