

BIGG Digital Assets Inc. Announces Completion of Non-Brokered Private Placement of CAD \$525,000 and Planned Launch of Bitcoin SV on Netcoins

September 17, 2020

NEWS RELEASE

CSE: BIGG

VANCOUVER, September 17, 2020 - **BIGG Digital Assets Inc. ("BIGG" or the "Company")**(**CSE: BIGG; OTCQB: BBKCF; WKN: A2PS9W**), owner of Blockchain

Intelligence Group (blockchaingroup.io) ("BIG"), a leading developer of blockchain technology search, risk-scoring and data analytics solutions and Netcoins (Netcoins.ca) ("Netcoins"), the online cryptocurrency brokerage that makes it easy for Canadians to buy, sell, and understand cryptocurrency, is pleased to announce the closing of a non-brokered private placement, subject to regulatory approvals, for gross proceeds of \$525,000 (the "Private Placement") to Indigo IP Holdings Ltd. ("Indigo") and a private investor, through the issuance of 2,282,609 units (the "Units") of the Company at a price of \$0.23 per Unit, each Unit consisting of one common share and one warrant exercisable for one common share at a price of \$0.27. An additional 114,130 Units were issued to cover investor costs associated with the Private Placement.

The warrants are subject to an accelerated expiry clause whereby if the closing price of the Company's shares is \$0.40 or greater for a period of twenty (20) consecutive trading days, at any time prior to September 17, 2022, the Company may accelerate the expiry date of the warrants by giving notice to the holders thereof and, in such case, the warrants will expire on the 30th day after provision of the notice.

Indigo is an investment arm of Calvin Ayre, a key investor and advocate of Bitcoin SV (Satoshi Vision). Bitcoin SV is the Bitcoin blockchain that follows creator Satoshi Nakamoto's original protocol and design for massive scaling. It recognizes Bitcoin as more than just a digital currency and blockchain, but also a protocol for the world's data network similar to Internet protocol. The Bitcoin SV ecosystem views low fee peer to peer transactions as the core value proposition of the data network and is dedicated to unbounded scaling and massive on-chain transaction throughput by enterprises in pursuit of this goal. Bitcoin SV supporters also identify the value of Bitcoin as an honest, transparent, and auditable ledger.

On July 29, 2020, BIG announced that Bitcoin SV had been launched as part of the BIG Compliance Suite v1.17 (<https://qlue.io/> and <https://bitrankverified.com/>). Subsequently, Indigo IP declared interest in a strategic investment in BIGG, based on the outstanding quality of the BIG Compliance Suite software and its value to the Bitcoin SV ecosystem.

As part of this investment, Netcoins also plans to list the Bitcoin SV digital currency (BSV) for trading. With the inclusion of Bitcoin SV, Netcoins will have eight digital assets available to its user base.

Mr. Ayre comments, *“When I learned of BIG’s decision to add BSV support to its Compliance Suite, I was impressed by how BIG understands Bitcoin SV’s immense potential and future use at business scale. Its blockchain intelligence tools are outstanding and will help advance legal compliance in the use of digital assets, which is key to win enterprise-level adoption. With Netcoins also deciding to launch BSV trading, the BIGG parent company further showed that it understands the Bitcoin SV vision, making it easy for me to invest in this forward-thinking company.”*

Jimmy Nguyen, Founding President of Bitcoin Association (the global industry organization that supports Bitcoin SV), remarked on today’s announcement, saying, *“We are thrilled that Netcoins will list BSV for trading, giving users in many countries another fiat onramp to acquire Bitcoin SV. This comes at an excellent time as interest in BSV grows around the globe, and we are pleased that BIGG sees business value in expanding its participation in the Bitcoin SV ecosystem.”*

BIGG’s CEO, Mark Binns, commented, *“We are excited to welcome Calvin Ayre as a strategic investor in BIGG. Calvin has seen the power of the Blockchain Intelligence Group Compliance Suite, and shares our vision that the future of digital assets is a compliant and regulated environment. We are also excited to add Bitcoin SV to the Netcoins app, making Netcoins an even more attractive trading platform for Canadians.”*

The shares issued in connection with the Private Placement will be subject to a 4-month hold period, as prescribed by applicable securities laws.

About BIGG Digital Assets Inc.

BIGG Digital Assets Inc. (BIGG) believes the future of crypto is a safe, compliant, and regulated environment. BIGG invests in products and companies to support this vision. BIGG owns two operating companies: Blockchain Intelligence Group (blockchaingroup.io) and Netcoins (netcoins.ca).

Blockchain Intelligence Group (BIG) has developed a Blockchain-agnostic search and analytics engine, QLUE™, enabling Law Enforcement, RegTech, Regulators and Government Agencies to visually track, trace and monitor cryptocurrency transactions at a forensic level. Our commercial product, BitRank Verified®, offers a “risk score” for cryptocurrencies, enabling RegTech, banks, ATMs, exchanges, and retailers to meet traditional regulatory/compliance requirements.

Netcoins develops brokerage and exchange software to make the purchase and sale of cryptocurrency easily accessible to the mass consumer and investor with a focus on compliance and safety. Netcoins utilizes BitRank Verified® software at the heart of its platform and enables crypto transactions via retail locations globally, a self-serve crypto brokerage portal and an Over-The-Counter (OTC) trading desk.

Forward-Looking Statements:

Certain statements in this release are forward-looking statements, which include completion of the search technology software and other matters. Forward-looking statements consist of statements that are not purely historical, including any statements regarding beliefs, plans, expectations or intentions regarding the future. Such information can generally be identified by the use of forwarding-looking wording such as “may”, “expect”, “estimate”, “anticipate”, “intend”, “believe” and “continue” or the negative thereof or similar variations. Readers are cautioned not to place undue reliance on forward-looking statements, as there can be no assurance that the plans, intentions or expectations upon which they are based will occur. By their nature, forward-looking statements involve numerous assumptions, known and unknown risks and uncertainties, both general and specific that contribute to the possibility that the predictions, estimates, forecasts, projections and other forward-looking statements will not occur. These assumptions, risks and uncertainties include, among other things, the state of the economy in general and capital markets in particular, and other factors, many of which are beyond the control of BIGG. Forward-looking statements contained in this press release are expressly qualified by this cautionary statement. Undue reliance should not be placed on the forward-looking information because BIGG can give no assurance that they will prove to be correct. Important factors that could cause actual results to differ materially from BIGG’s expectations include, consumer sentiment towards BIGG’s products and Blockchain technology generally, technology failures, competition, and failure of counterparties to perform their contractual obligations.

The forward-looking statements contained in this press release are made as of the date of this press release. Except as required by law, BIGG disclaims any intention and assumes no obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Additionally, BIGG undertakes no obligation to comment on the expectations of, or statements made by, third parties in respect of the matters discussed above.

The CSE does not accept responsibility for the adequacy or accuracy of the content of this Press Release.
