Gianpiero Signs with New World Inc. NFT Platform

TORONTO, ONTARIO – August 5, 2021 – Graph Blockchain Inc. ("Graph") or (the "Company") (CSE: GBLC) (OTC: REGRF) (FRA: RT5A) is pleased to announce that its newest acquisition, New World Inc., has signed Drew House designer Gianpiero D'Alessandro to create non-fungible tokens ("NFT") and collaborate on a multitude of new NFT projects within the New World Inc. platform.

"When I was young and studying art, I always thought that the only way to be remembered forever was to leave visible signs on our planet," he says. "Nothing in this world is more indelible than art. I always thought that through art we can send very beautiful messages using only images. Perhaps my greatest work is that people seeing my story believe even more in their dreams." Said Gianpiero on a Billboard article titled: 'The Story Behind Justin Bieber's Drew House Designer Gianpiero: 'Let Us Spread Happiness'.

Originally from Naples, Italian designer, and artist, Gianpiero is more than excited to be working with the New World platform to expand the ways he can express himself through his art and inspire others. Working with good friend, celebrity artist, and co-founder of New World Inc. Diogo Snow, Gianpiero plans to be creating and distributing NFTs in one of the most creative and collaborative ways the platform has seen yet.
