

TruTrace Technologies To Commence Trading on CSE June 14th

TORONTO, June 14, 2019 /CNW/ - **TruTrace Technologies Inc. (CSE: TTT; OTC: BKKSF)** ("TruTrace" or the "**Company**"), creator of the first fully-integrated blockchain platform that registers and tracks intellectual property for the cannabis industry, is pleased to announce that its shares will begin trading at market open on Friday, June 14th, 2019 on the Canadian Securities Exchange ("CSE") under the symbol "TTT." Effective at the close of business on Thursday, June 13, 2019, the common shares were delisted from TSX Venture Exchange at the request of the Company.

"This is the start of an exciting new chapter for TruTrace Technologies and one that enables us to pursue development opportunities outside of Canada, such as our intent to integrate our technology into the hemp based CBD industry, amongst other initiatives," said TruTrace CEO Robert Galarza. "With this move, we can officially open our Los Angeles office, expand operations and take advantage of the significant business opportunities south of the border. The CSE listing should provide TruTrace with increased visibility with prospective global investors, improved liquidity and a more diversified shareholder base."

About TruTrace Technologies:

TruTrace Technologies has developed the first integrated blockchain platform to register and track intellectual property in the cannabis industry. TruTrace's technology allows cannabis growers and breeders to identify and secure rights to their intellectual property. It also streamlines the administrative process and reduces the costs of genetic and mandatory quality-control testing for legal cannabis. TruTrace's technology is proprietary, immutable and cryptographically secure, thereby establishing a single-source, accurate, validated and permanent account for cannabis strains from ownership to market.
