***/THIS NEWS RELEASE IS NOT FOR DISTRIBUTION TO U.S. NEWSWIRE SERVICES FOR DISSEMINATION IN THE UNITED STATES/***

VANCOUVER, May 8, 2018 /CNW/ - Koios Beverage Corp. (CSE: KBEV; OTC: SNOVF) (the "**Company**" or "**Koios**"), is pleased to announce a new line of nootropic products today, including a nutritional instant mix powder and daily-use capsule. The addition of these new products enables Koios to reach a broader audience and target a whole new demographic of customers.

Powerful powder part of new products launched today by Koios.

"The powdered version of our supplement was a chance to really push the envelope from an ingredient stand point," said Chris Miller, CEO and Director. "We wanted to pack more nutrients and nootropics into one product than any of our competition, while creating some of the better-flavoured supplements on the market."

The powder is for advanced nootropic users or someone looking for stronger and more intense cognitive benefits than what is found in the line of ready-to-drink products.

The new line of capsules uses the same winning formula as the Company's low-calorie, nutritionally-dense beverages, giving consumers the option of absorbing the active ingredients in capsule-form while on the go.

"Our powders and newly formulated capsules are the result of years of trial-and-error and trying to pack the most value and science we could into one supplement," said Miller. "These products are in line with our mission: To give people access to a healthier alternative to energy drinks, caffeine and unnatural ingredients."

The new line of powder flavours include Grape Bliss, BlueBerry Lemonade and Sour Apple.
