FORM 5

QUARTERLY LISTING STATEMENT

Name of Listed Issuer: <u>Nextleaf Solutions Ltd. (the "Issuer" or "Nextleaf").</u>

Trading Symbol: OILS

This Quarterly Listing Statement must be posted on or before the day on which the Issuer's unaudited interim financial statements are to be filed under the Securities Act, or, if no interim statements are required to be filed for the quarter, within 60 days of the end of the Issuer's first, second and third fiscal quarters. This statement is not intended to replace the Issuer's obligation to separately report material information forthwith upon the information becoming known to management or to post the forms required by the Exchange Policies. If material information became known and was reported during the preceding quarter to which this statement relates, management is encouraged to also make reference in this statement to the material information, the news release date and the posting date on the Exchange website.

General Instructions

- (a) Prepare this Quarterly Listing Statement using the format set out below. The sequence of questions must not be altered nor should questions be omitted or left unanswered. The answers to the following items must be in narrative form. When the answer to any item is negative or not applicable to the Issuer, state it in a sentence. The title to each item must precede the answer.
- (b) The term "Issuer" includes the Listed Issuer and any of its subsidiaries.
- (c) Terms used and not defined in this form are defined or interpreted in Policy 1 Interpretation and General Provisions.

There are three schedules which must be attached to this report as follows:

SCHEDULE A: FINANCIAL STATEMENTS

Financial statements are required as follows:

For the first, second and third financial quarters interim financial statements prepared in accordance with the requirements under Ontario securities law must be attached.

If the Issuer is exempt from filing certain interim financial statements, give the date of the exempting order.

Nextleaf Solutions Ltd.

NOTICE OF NO AUDITOR REVIEW OF CONDENSED INTERIM FINANCIAL STATEMENTS

The accompanying unaudited condensed interim consolidated financial statements of Nextleaf Solutions Ltd. ("the Company") for the six months ended March 31, 2019 and March 31, 2018, have been prepared by the management of the Company and approved by the Company's Audit Committee and the Company's Board of Directors.

Under National Instrument 51-102, Part 4, subsection 4.3 (3) (a), if an auditor has not performed a review of the interim financial statements, they must be accompanied by a notice indicating that an auditor has not reviewed the financial statements.

The accompanying unaudited condensed interim consolidated financial statements of the Company have been prepared by and are the responsibility of the Company's management. The Company's independent auditor has not performed a review of these financial statements in accordance with standards established by CPA Canada for a review of the condensed interim financial statements by an entity's auditor.

Notes to Condensed Interim Consolidated Financial Statements Unaudited – Prepared by Management

For the six months ended March 31, 2019 and March 31, 2018

1. NATURE OF OPERATIONS AND GOING CONCERN

Nextleaf Solutions Ltd. (formerly Legion Metals Corp.) ("Legion", the "Company") was incorporated under the laws of the province of British Columbia on December 8, 2016. The Company changed its name to Nextleaf Solutions Ltd., on March 14, 2019. The Company is a cannabis extraction technology company that has developed patented processes for the production of cannabinoid distillate. The Company's business involves acquiring, developing, and deploying large-scale cannabis and hemp extraction technologies and providing turn-key processing solutions to the licensed cannabis industry in Canada. The Company has developed a patent portfolio, which includes a number of granted and pending patents.

The Company's head office is located at #304 - 68 Water Street, Vancouver, British Columbia, V6B 1A4 and its registered and records office is located at #600 - 1090 West Georgia Street, Vancouver, British Columbia, V6E 3V7. The Company's common shares trade on the Canadian Securities Exchange under the trading symbol "OILS."

On March 14, 2019, the Company acquired all of the issued and outstanding common shares of Nextleaf Innovations Ltd., ("Nextleaf") a private British Columbia cannabis extraction technology company incorporated on October 6, 2015, by an Acquisition and Arrangement Agreement by way of Plan of Arrangement (the "Transaction"). The Transaction was accounted for as a reverse acquisition ("RTO") of Legion by Nextleaf for accounting purposes, with Nextleaf being identified as the accounting acquirer, and accordingly, the Company is considered a continuation of Nextleaf. The net assets of Legion at the date of the RTO are deemed to have been acquired by Nextleaf (Note 3). These condensed interim consolidated financial statements (the "financial statements") include the results of operations of Legion from March 14, 2019. The comparative figures are those of Nextleaf prior to the RTO, with the exception of adjusting retroactively the capital (number of common shares) of Nextleaf to reflect the capital of the Legion. On closing of the Transaction, the outstanding stock options and warrants to purchase common shares of Legion and Nextleaf now represent stock options and warrants to purchase common shares of the consolidated Company.

These financial statements have been prepared on the basis that the Company will continue as a going concern, which assumes that the Company will be able to continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities in the normal course of operations. These financial statements do not include any adjustments relating to the recoverability and classification of assets and liabilities that might be necessary should the Company be unable to continue in existence.

The Company has been incurring losses and generating negative cash flows since inception. The Company's revenues have not yet risen to levels materially capable of covering its ongoing capital and operating costs. Although the Company has been successful in raising funds to date, there can be no assurance that adequate or sufficient funding will be available in the future or available under terms acceptable to the Company, or that the Company will generate sufficient revenue and positive cash flows from operations. These material uncertainties may cast significant doubt on the Company's ability to continue as a going concern.

Notes to Condensed Interim Consolidated Financial Statements Unaudited – Prepared by Management

For the six months ended March 31, 2019 and March 31, 2018

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation

These financial statements have been prepared in conformity with International Accounting Standard ("IAS") 34, Interim Financial Reporting, using the same accounting policies as detailed in the Company's annual audited financial statements for the year ended September 30, 2018, and do not include all the information required for full annual financial statements in accordance with International Financial Reporting Standards ("IFRS"), as issued by the International Accounting Standards Board ("IASB") and interpretations of the International Financial Reporting Interpretations Committee ("IFRIC"). It is suggested that these financial statements be read in conjunction with the annual audited financial statements.

These financial statements have been prepared on an historical cost basis, except for financial instruments which are classified as fair value through profit or loss, and have been prepared using the accrual basis of accounting, except for cash flow information.

All amounts in these financial statements are presented in Canadian dollars, which is the functional currency of the Company and its subsidiary.

Principles of consolidation

These financial statements include the accounts of the Company and its wholly-owned subsidiary Nextleaf Innovations Ltd., as follows:

Nextleaf Solutions Ltd. (formerly Legion Metals Corp.)	100%	Parent company
Nextleaf Innovations Ltd. (formerly Nextleaf Solutions Ltd.)	100%	Extraction solutions company

A subsidiary is an entity controlled by the Company and is included in the financial statements from the date that control commences until the date that control ceases. The accounting policies of a subsidiary are changed where necessary to align them with the policies adopted by the Company.

The Company has accounted for Legion as a controlled entity requiring consolidation since the date of the RTO (Notes 1 and 3), effective March 14, 2019.

Notes to Condensed Interim Consolidated Financial Statements Unaudited – Prepared by Management

For the six months ended March 31, 2019 and March 31, 2018

2. SIGNIFICANT ACCOUNTING POLICIES

Except as set out below, the accounting policies, estimates and critical judgments, methods of computation and presentation applied in these financial statements are consistent with those of the most recent annual audited financial statements and are those the Company expects to adopt in its financial statements for the year ended September 30, 2019. Accordingly, these financial statements should be read in conjunction with the Company's most recent annual audited financial statements.

New accounting policies

IFRS 9 – Financial Instruments

The Company has adopted new accounting standard IFRS 9 - Financial Instruments, effective for annual periods beginning on or after January 1, 2018. The adoption of IFRS 9 did not result in any changes to the classification, measurement or carrying amounts of the Company's existing financial instruments on the transition date of October 1, 2018.

The new standard brings together the classification and measurement, impairment and hedge accounting phases of the IASB's project to replace IAS 39 - *Financial instruments: recognition and measurement*. The standard retains but simplifies the mixed measurement model and establishes two primary measurement categories for financial assets: amortized cost and fair value.

The details of the new significant accounting policies and the nature and effect of the changes to previous accounting policies are set out below.

Classification and measurement of financial assets and liabilities

IFRS 9 largely retains the existing requirements in IAS 39 for the classification and measurement of financial liabilities. However, it eliminates the previous IAS 39 categories for financial assets of held-to-maturity, loans and receivables, and available-for-sale.

The adoption of IFRS 9 has not had a significant effect on the Company's accounting policies related to financial liabilities. The classifications of financial liabilities remain the same under IFRS 9, as they were under IAS 39. The impact of IFRS 9 on the classification and measurement of financial assets is set out below.

A financial asset is classified as measured at: amortized cost; fair value through other comprehensive income ("FVOCI") or fair value through profit or loss ("FVTPL"). The classification of financial assets is generally based on the business model in which a financial asset is managed and its contractual cash flow characteristics. The classifications of the Company's financial instruments given effect to the adoption of IFRS 9 are included in the significant accounting policy below, "Financial Instruments."

Notes to Condensed Interim Consolidated Financial Statements Unaudited – Prepared by Management

For the six months ended March 31, 2019 and March 31, 2018

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Impairment of financial assets

An 'expected credit loss' ("ECL") model applies to financial assets measured at amortized cost, contract assets and debt investments at FVOCI, but not to investments in equity instruments. The Company's financial assets measured at amortized cost and subject to the ECL model are shown in the table below. The adoption of the ECL impairment model had no impact on the carrying amounts of the Company's financial assets on the transition date given the receivables are substantially all current, due from related parties are due from credit worthy individuals, subscriptions receivable are collectible in full, and promissory note receivable is due from a credit-worthy company with the note remaining in good standing. Additionally, there is no history of customer default on receivables.

Financial instruments

All financial instruments are recognized initially at fair value on the date at which the Company becomes a party to the contractual provisions of the instrument.

Classification and measurement

The Company classifies its financial instruments in the following categories based on the purpose for which the asset was acquired: FVTPL, amortized cost, FVOCI, and other financial liabilities. The impact of the adoption of IFRS 9 did not change the measurement approach of any of the financial instruments below. The Company's financial assets and financial liabilities are classified and measured as follows:

	Measureme		
Asset/Liability	Original (IAS 39)	New (IFRS 9)	Subsequent measurement
Cash	FVTPL	FVTPL	Fair value
Receivables	Loans and receivables	Amortized cost	Amortized cost
Due from related parties	Loans and receivables	Amortized cost	Amortized cost
Subscriptions receivable	Loans and receivables	Amortized cost	Amortized cost
Promissory note receivable	Loans and receivables	Amortized cost	Amortized cost
Accounts payable and accrued liabilities	Other financial liabilities	Other financial liabilities	Amortized cost

Notes to Condensed Interim Consolidated Financial Statements Unaudited – Prepared by Management

For the six months ended March 31, 2019 and March 31, 2018

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

IFRS 15 – Revenues from contracts with customers

IFRS 15 was issued with the intent of significantly enhancing consistency and comparability of revenue recognition practices across entities and industries. IFRS 15 replaces IAS 18 *Revenue*, IAS 11 *Construction Contracts* and related interpretation. The new standard establishes a single, principles-based five-step model to be applied to all contracts with customers and introduces new and enhanced disclosure requirements.

Changes in accounting policies resulting from the adoption of IFRS 15 had no impact on the Company's financial statements or the reported amounts of revenues.

Revenue recognition

The Company's revenue is comprised of equipment sales and the provision of processing services. Revenue is recognized when control over a product or service has been transferred to a customer, it is probable that future economic benefits will flow to the Company, and the amount of revenue can be reliably measured. Revenue is recorded based on the fair value of consideration received or receivable.

Standards issued but not yet effective

A number of new IFRS standards, amendments to standards and interpretations are not yet effective for the year ended September 30, 2019, and have not been applied in preparing these financial statements. Many of these updates are not applicable or consequential to the Company and have been excluded from the discussion below.

• IFRS 16: *Leases*. A new standard that sets out the principles for recognition, measurement, presentation, and disclosure of leases including guidance for both parties to a contract, the lessee and the lessor. The new standard eliminates the classification of leases as either operating or finance leases as is required by IAS 17 and instead introduces a single lease accounting model, effective for annual periods beginning on or after January 1, 2019.

The Company has not yet completing the scoping and review of its lease of its centralized processing facility (Note 16). However, the Company initially anticipates the adoption of IFRS 16 to have a material impact on the statements of financial position primarily due to the capitalization and recognition and measurement of the right-of-use asset and lease liability associated with its centralized processing facility and initially intends to apply the transition to IFRS 16 under the modified retrospective approach. The impact on profit or loss will be a reduction of rent expense for the centralized processing facility, and instead will be replaced by an amortization of the right-of-use asset and interest (finance) costs on the lease liability. The lease contract is denominated in Canadian dollars, therefore there will be no volatility in foreign exchange amounts recognized in profit or loss.

• IFRIC 23: *Uncertainty over Income Tax Treatments*. The Interpretation provides guidance on the accounting for current and deferred tax liabilities and assets in circumstances in which there is uncertainty over income tax treatments. The Interpretation is applicable for annual periods beginning on or after January 1, 2019. The Company has initially anticipates that there will be no significant impact on adoption of the Interpretation.

Notes to Condensed Interim Consolidated Financial Statements Unaudited – Prepared by Management

For the six months ended March 31, 2019 and March 31, 2018

3. REVERSE ACQUISITION

As described in Note 1, on March 14, 2019, the Company and Nextleaf completed a Transaction which constituted a reverse acquisition.

The Transaction resulted in the shareholders of Nextleaf obtaining control of the combined entity by obtaining control of the voting rights, governance, and management decision making processes, and the resulting power to govern the financial and operating policies of the combined entity.

The Transaction constitutes a RTO of Legion by Nextleaf and has been accounted for as a reverse acquisition transaction in accordance with the guidance provided in IFRS 2, *Share-based Payments* and IFRS 3, *Business Combinations*. As Legion did not qualify as a business according to the definition in IFRS 3, the RTO does not constitute a business combination; rather it is treated as an issuance of common shares by Nextleaf for the net assets of Legion and Legion's public listing, with Nextleaf as the continuing entity. Accordingly, no goodwill or intangible assets were recorded with respect to the transaction as it does not constitute a business.

For accounting purposes, Nextleaf was treated as the accounting parent company (legal subsidiary) and Legion has been treated as the accounting subsidiary (legal parent) in these financial statements. As Nextleaf was deemed to be the acquirer for accounting purposes, its assets, liabilities and operations since incorporation are included in these financial statements at their historical carrying values. Legion's results of operations have been included from March 14, 2019.

Net assets of Legion acquired:	\$
Cash	100,250
Receivables	6,811
Net assets acquired	107,061
Consideration paid in RTO of Legion:	\$
Common shares (fair value of 3,647,029 common shares at \$0.35 per share)	1,276,460
Replacement warrants	11,000
Transaction costs - cash	189,668
Total consideration paid	1,477,128
Lising expense	1,370,067

The Transaction was measured at the fair value of the shares that Nextleaf would have had to issue to the shareholders of Legion, to give the shareholders of Legion the same percentage equity interest in the combined entity that results from the reverse acquisition had it taken the legal form of Nextleaf acquiring Legion.

March 31, 2019	572,729	28,353	67,524	-	668,606
Net book value					
September 30, 2018	2,096,943	171,950	209,813	426,238	2,904,944
March 31, 2019	2,236,288	159,264	189,649	846,673	3,431,874

Certain of the Company's equipment was not yet in use as at March 31, 2019, and September 30, 2018. Depreciation is taken when items are in the location and condition necessary for it to be capable of operating in a manner intended by management. The leasehold improvements were not in use as at March 31, 2019, and September 30, 2018, therefore no depreciation was taken during the period/year then ended.

As at March 31, 2019, the Company had paid cash deposits for additional cannabis extraction equipment in the amount of \$84,704 (September 30, 2018 - \$65,704). The equipment had not yet been received as at March 31, 2019.

During the six months ended March 31, 2019, depreciation of \$190,260 was allocated entirely to expenses (2018 - \$180), and \$nil was allocated to cost of sales (2018 - \$137,766).

Notes to Condensed Interim Consolidated Financial Statements Unaudited – Prepared by Management

For the six months ended March 31, 2019 and March 31, 2018

7. SHAREHOLDERS' EQUITY

The authorized share capital of the Company consists of unlimited common shares without par value. All issued shares are fully paid.

Issued and Outstanding

Transactions for the issue of share capital during the six month period ended March 31, 2019:

• In conjunction with the closing of the RTO (Notes 1 and 3), the Company completed a brokered private placement of 14,285,714 units at a price of \$0.35 per unit for gross proceeds of \$5,000,000. Each unit consists of one common share and one common share purchase warrant exercisable at \$0.70 per share until March 14, 2021.

In connection with the private placement and closing of the RTO, the Company issued 569,446 compensatory finders' warrants with a fair value of \$105,300, and assumed 112,203 replacement finders' warrants with a fair value of \$11,000, respectively. The fair value of the replacement finders' warrants are included as part of consideration paid on closing of the RTO (Note 3).

Additionally, the Company paid \$342,348, in cash share issue costs in connection with completion of the private placement.

Transactions for the issue of share capital during the six month period ended March 31, 2018:

- The Company issued 3,708,252 common shares pursuant to a private placement at \$0.1111 per share for gross proceeds of \$412,028, of which \$342,645 was received during the year ended September 30, 2017, and was recorded as subscriptions received in advance as at September 30, 2017.
- The Company issued 8,275,144 common shares and/or units pursuant to private placements for gross proceeds of \$1,153,300.

The Company incurred cash share issue costs of \$80,731 in connection with the above two private placements. Additionally, the Company issued 750,000 finders' warrants with a fair value of \$37,500 recorded as share issue costs pursuant to these private placements.

- The Company issued 150,000 shares with a fair value of \$27,000 for services provided by a consultant which were recorded as share-based payment expense.
- The Company issued 2,500,000 common shares (finders' shares) at a value of \$450,000 for services provided related to share issuances within share issue costs, having a net \$nil effect on share capital.
- The Company issued 954,000 common shares on the exercise of share purchase warrants whereby no proceeds were received on exercise as the exercise price was applied against the balance owed by the Company to the warrant holders, in the amount of \$105,989.

Notes to Condensed Interim Consolidated Financial Statements Unaudited – Prepared by Management

For the six months ended March 31, 2019 and March 31, 2018

7. SHAREHOLDERS' EQUITY (continued)

Share issuances subsequent to March 31, 2018, and up to September 30, 2018:

- The Company issued 15,143,691 common shares upon the exercise of finders' warrants for gross proceeds of \$3,357,490.
- The Company issued 445,710 common shares on the exercise of share purchase warrants whereby no proceeds were received on exercise as the exercise price was applied against the balance owed by the Company to the warrant holders.
- The Company incurred cash share issue costs of \$77,824 in connection with the private placements noted above.

In connection with the share issuances during the year ended September 30, 2018, \$855,768 of the gross proceeds were included within subscriptions receivable as at September 30, 2018. Certain amounts were collected during the six months ended March 31, 2019. As at March 31, 2019, subscriptions receivable totalled \$15,050, which was collected subsequent to the end of the period.

Stock options

The Company has adopted a stock option plan (the "Plan") which provides eligible directors, officers, employees and consultants with the opportunity to acquire an common shares of the Company. The maximum number of common shares issuable under the Plan shall not exceed 20% of the number of common shares of the Company issued and outstanding as of each award date, inclusive of all common shares reserved for issuance pursuant to previously granted stock options. The stock options have a maximum term of five years form the date of grant, and vest over periods as determined by the Board of Directors. The exercise price of stock options granted under the Plan will be determined by the Board of Directors.

A summary of the status of the Company's stock options as at March 31, 2019 and September 30, 2018 and changes during the period/year then ended is as follows:

	Six months ended March 31, 2019			er ended ber 30, 2018	
	Weighted average			Weighted average

Notes to Condensed Interim Consolidated Financial Statements Unaudited – Prepared by Management

For the six months ended March 31, 2019 and March 31, 2018

7. SHAREHOLDERS' EQUITY (continued)

Stock options (continued)

As at March 31, 2019, the Company has stock options outstanding and exercisable as follows:

Options	Options	Exercise	
outstanding	exercisable	price	Expiry date
#	#	\$	
200,000	200,000	0.35	May 1, 2022
13,900,000	13,900,000	0.35	March 15, 2024
14,100,000	14,100,000		

The following table summarizes information about the stock options outstanding at March 31, 2019:

14,100,000	4.94	0.35
#	(years)	\$
Options	remaining life	exercise price
	Weighted average	Weighted average

During the six months ended March 31, 2019, 13,900,000 stock options were granted to officers, directors, employees and consultants of the Company, with varying vesting terms. Of the stock options granted, 7,500,000 stock options (the "performance stock options") were granted to officers and directors of the Company and vest upon achieving certain milestones.

The assumptions used in the calculation of the fair value of the performance stock options are detailed below. In addition to these assumptions, the Company also estimates the likelihood of achieving the abovementioned milestones, which impacts the estimated fair value of the options on the grant date. The Company has estimated a 100% likelihood of achieving the milestones.

The Company recorded the fair value of all stock options granted using the Black-Scholes option pricing model. The fair value is particularly impacted by the Company's stock price volatility. As the Company has limited trading history, the volatility assumption is subject to significant measurement uncertainty. The fair value of the stock options granted was determined using the following weighted average assumptions:

	March 31, 2019
Risk-free interest rate	2.08%
Expected life of options	4.53
Volatility	100%
Dividend rate	0%

The total share-based payment expense for the six months ended March 31, 2019 was \$1,933,100, which includes only those stock options that have met or do not include time-service related vesting conditions during the period. The total share-based payment expense for the six months ended March 31, 2018, was \$27,000, which comprised the fair value of shares issued for services to a consultant.

Notes to Condensed Interim Consolidated Financial Statements Unaudited – Prepared by Management

For the six months ended March 31, 2019 and March 31, 2018

7. SHAREHOLDERS' EQUITY (continued)

Warrants

As an incentive to complete private placements, the Company may issue units which include common shares and common share purchase warrants. Using the residual value method, the Company determines whether a value should be allocated to warrants attached to units sold in completed private placements. Finders' warrants may be issued as a private placement share issue cost and are valued using the Black-Scholes option pricing model.

A summary of the Company's common share purchase warrants as at March 31, 2019 and September 30, 2018 and changes during the period/year then ended is as follows:

	Six mont		Year	
	March 31, 2019		September 30, 2018	
		Weighted		Weighted
		average		average
	Warrants	exercise price	Warrants	exercise price
	#	\$	#	\$

14,967,360	1.94	_

Notes to Condensed Interim Consolidated Financial Statements Unaudited – Prepared by Management

For the six months ended March 31, 2019 and March 31, 2018

7. SHAREHOLDERS' EQUITY (continued)

Warrants (continued)

During the six months ended March 31, 2019, the Company assumed 112,203 replacement finders' warrants in connection with the RTO, and issued 569,446 finders' warrants in connection with the completion of its private placement. The Company recorded the fair value of these compensatory warrants using the Black-Scholes option pricing model. The fair value is particularly impacted by the Company's stock price volatility. As the Company has limited trading history, the volatility assumption is subject to significant measurement uncertainty. The fair value of the warrants issued was determined using the following weighted average assumptions:

	March	31, 2019
Risk-free interest rate		1.63%
Expected life		1.76
Volatility		100%
Dividend rate		0%
Weighted average fair value of per warrant	\$	0.17

Reserves

Reserves is comprised of the accumulated fair value of stock options recognized as share-based payments and the fair value of finders' warrants issued on private placements and assumed on the RTO. Reserves is increased by the fair value of these items on vesting and is reduced by corresponding amounts when the stock options or warrants expire or are exercised or cancelled.

8. RELATED PARTY TRANSACTIONS

Key management personnel

Key management personnel include those persons having authority and responsibility for planning, directing and controlling the activities of the Company as a whole. The Company has determined that key management personnel consist of executive and non-executive members of the Company's Board of Directors and Corporate Officers.

The remuneration of key management for the six months March 31, 2019 and March 31, 2018 are as follows:

	March 31,	March 31,
	2019	2018
	\$	\$
Consulting fees	272,000	77,700
Performance options (share-based payments)	1,426,345	-
	1,698,345	77,700

The performance options vest upon key operational milestones being met.

The Company did not transact with other related parties during the six months ended March 31, 2019 and March 31, 2018.

Amounts payable to related parties

The following amounts are payable to related parties as at March 31, 2019 and September 30, 2018:

	March 31,	September 30,
	2019	2018
	\$	\$
Officer/Director - accounts payable and accrued liabilities	178,141	138,286
	178,141	138,286

Amounts receivable from related parties

The following amounts are receivable from related parties as at March 31, 2019 and September 30, 2018:

	March 31,	September 30,	
	2019	2018	
	\$	\$	
Due from related parties	-	102,773	
Prepaid expenses to related parties	21,129	50,477	
	21,129	153,250	

During the six months ended March 31, 2019, the Company reached a tentative agreement with a former director in relation to an amount included within due from related parties. Accordingly, the Company reclassified \$79,500 to deposits and wrote-off \$5,770 of accrued interest receivable formerly included in due to related parties to administrative expenses.

Notes to Condensed Interim Consolidated Financial Statements Unaudited – Prepared by Management

For the six months ended March 31, 2019 and March 31, 2018

9. REVENUE AND ADMINISTRATIVE EXPENSES

Revenue and administrative expenses are comprised of the following:

	Three months ended		Six month	s ended
	March 31, 2019	March 31, 2018	March 31, 2019	March 31, 2018

	(136,519)	(121,924)	(283,022)	(90,976)

10. FINANCIAL INSTRUMENTS

Financial instruments measured at fair value are classified into one of three levels in the fair value hierarchy according to the relative reliability of the inputs used to estimate the fair values. The three levels of the fair value hierarchy are:

- Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities;
- Level 2 Inputs other than quoted prices that are observable for the assets or liability either directly or indirectly; and
- Level 3 Inputs that are not based on observable market data.

Fair value risk

The Company's financial instruments consist of cash, receivables, due from related parties, subscriptions receivable, promissory note receivable, and accounts payable and accrued liabilities.

The Company's financial instruments with the exception of cash approximate their fair values. Cash, under the fair value hierarchy is based on Level 1 quoted prices in active markets for identical assets or liabilities.

Notes to Condensed Interim Consolidated Financial Statements Unaudited – Prepared by Management

For the six months ended March 31, 2019 and March 31, 2018

10. FINANCIAL INSTRUMENTS (continued)

Credit risk

Credit risk is the risk of an unexpected loss if a customer or third party to a financial instrument fails to meet its contractual obligations.

The Company's cash is held with a Canadian chartered bank and accordingly, the Company's exposure to credit risk is considered insignificant. The Company's exposure to its trade receivables equates to their carrying value. The Company's sales tax recoverable represents refunds due from the Government of Canada and the exposure to credit risk on this amount is considered to be limited.

Liquidity risk

The Company manages liquidity risk by maintaining an adequate level of cash to meet its ongoing obligations. The Company has been successful in raising equity financing in the past; however, there is no assurance that it will be able to do so in the future. As at March 31, 2019, the Company had working capital of \$2,864,311, which is considered sufficient to fund future operations and obligations as they come due, and to allow the Company to meet business objectives.

Market risk

Market risk is the risk that the fair value or future cash flows from a financial instrument will fluctuate because of changes in market prices or prevailing conditions. Market risk comprises three types of risk: currency risk, interest rate risk, and price risk as follows:

(i) Currency risk

Currency risk is the risk of change in profit or loss that arises from fluctuations of foreign exchange rates and the degree of volatility of these rates. The Company is exposed to currency risk as it occasionally incurs equipment purchases denominated in the United States dollar, and has historically raised equity financing in Australian Dollars. As at March 31, 2019, the Company held cash, and accounts payable and accrued liabilities in United States dollars. A 10% change in the exchange rate between the United States dollar and the Canadian dollar, would have impacted loss and comprehensive loss by approximately \$43,100.

(ii) Interest rate risk

The Company is not significantly exposed to interest rate risk because it does not have any assets or liabilities subject to variable rates of interest, except for cash held in interest-bearing accounts which poses an insignificant risk exposure.

Notes to Condensed Interim Consolidated Financial Statements Unaudited – Prepared by Management

For the six months ended March 31, 2019 and March 31, 2018

10. FINANCIAL INSTRUMENTS (continued)

Market risk (continued)

(iii) Price risk

Equity price risk is defined as the potential adverse impact on the Company's results of operations and the ability to obtain financing, due to movements in individual equity prices or general movements in the level of the stock market. The Company closely monitors individual equity movements and the stock market to determine the appropriate course of action to be taken by the Company. Fluctuations in value may be significant.

11. SUPPLEMENTAL CASH FLOW INFORMATION

The Company incurred non-cash financing and investing activities during the six months ended March 31, 2019 and March 31, 2018 as follows:

	March 31, 2019 \$	March 31, 2018 \$
Non-cash investing activities:		
Subscriptions received in advanced transferred to share capital	-	342,645
Fair value of finders' warrants issued	105,300	-
Purchases of equipment in accounts payable and accrued liabilities	795,338	-
Reclassification of prepaid expenses to deposits	6,155	-
Reclassification of due from related parties to deposits	75,000	<u>-</u>

As at September 30, 2018, purchases of equipment in accounts payable and accrued liabilities totaled \$429,042.

During the six months ended March 31, 2019 and March 31, 2018, no amounts were paid for interest or income tax expenses.

12. CAPITAL RISK MANAGEMENT

The Company defines capital as the components of shareholders' equity. The Company's objectives when managing capital are to support further advancement of the Company's business objectives, as well as to ensure that the Company is able to meet its financial obligations as they come due.

The Company manages its capital structure to maximize its financial flexibility making adjustments to it in response to changes in economic conditions and the risk characteristics of the underlying assets and business opportunities. The Company relies on the expertise of the Company's management to sustain the future development of the business. Management reviews its capital management approach on an ongoing basis and believes that this approach, given the relative size of the Company, is reasonable. There were no changes in the Company's approach to capital management during the period ended March 31, 2019. The Company is not subject to externally imposed capital requirements.

Notes to Condensed Interim Consolidated Financial Statements Unaudited – Prepared by Management

For the six months ended March 31, 2019 and March 31, 2018

13. SEGMENTED INFORMATION

The Company has a single reportable segment: the provision of extraction and processing solutions and equipment to the cannabis industry in Canada. All of the Company's revenues are generated in Canada, and its non-current assets are located in Canada.

14. PROMISSORY NOTE RECEIVABLE

The Company has provided a promissory note to an equipment supplier which bears annual interest at 3%. As at March 31, 2019, the total amount receivable by the Company was \$524,257 (comprising \$520,025 principal, and \$4,232 accrued interest receivable), (September 30, 2018 - \$55,000 principal, and \$nil accrued interest receivable).

15. GOVERNMENT GRANT

National Research Council Canada – Industrial Research Assistance Program ("NRC")

The Company entered into an agreement with the NRC to receive a grant for a project pertaining to the removal of chlorophyll and like impurities from crude oil extracts. The grant will reimburse the Company for 80% of supported salary costs to a maximum of \$80,000 for the calendar 2018/2019 period and \$22,000 for the calendar 2019/2020 period.

The project started during the year ended September 30, 2018. The Company records amounts reimbursable from eligible expenditures as income from Government grant. As at March 31, 2019, \$nil (September 30, 2018 - \$4,243) is included in receivables (Note 4).

16. COMMITMENTS

Warehouse lease

The Company has entered into a warehouse lease agreement for the lease of its centralized processing facility (leasehold improvements). The lease is for the period from July 1, 2018 to June 30, 2023. Minimum annual commitments are as follows:

Year	Total commitment \$
(1) 2019	47,853
2020	63,804
2021	65,113
2022	68,712
2023	52,424
	297,906

⁽¹⁾ Represents the remaining commitment for the fiscal year ending September 30, 2019.

Notes to Condensed Interim Consolidated Financial Statements Unaudited – Prepared by Management

For the six months ended March 31, 2019 and March 31, 2018

17. SUBSEQUENT EVENTS

The following events occurred subsequent to March 31, 2019:

- a) The Company completed a private placement by issuing 10,400,000 units for gross proceeds of \$4,160,000. Each unit comprises one share and one common share purchase warrant with each warrant exercisable at \$0.70 per share until May 15, 2021. In connection with this private placement, the Company paid \$120,450 in finders' fees and issued 298,625 finders' warrants. The finders' warrants are exercisable at \$0.40 per share until May 15, 2021. The units are subject to a four-month hold period which expires on September 14, 2019.
- b) The Company issued 160,713 common shares on the exercise of stock options for gross proceeds of \$56,250.
- c) The Company issued 37,748 common shares on the exercise of warrants for gross proceeds of \$13,212.

SCHEDULE B: SUPPLEMENTARY INFORMATION

The supplementary information set out below must be provided when not included in Schedule A.

1. Related party transactions

Provide disclosure of all transactions with a Related Person, including those previously disclosed on Form 10. Include in the disclosure the following information about the transactions with Related Persons:

- (a) A description of the relationship between the transacting parties. Be as precise as possible in this description of the relationship. Terms such as affiliate, associate or related company without further clarifying details are not sufficient.
- (b) A description of the transaction(s), including those for which no amount has been recorded.
- (c) The recorded amount of the transactions classified by financial statement category.
- (d) The amounts due to or from Related Persons and the terms and conditions relating thereto.
- (e) Contractual obligations with Related Persons, separate from other contractual obligations.
- (f) Contingencies involving Related Persons, separate from other contingencies.

See Financial Statements (Note 8) attached as Schedule A.

2. Summary of securities issued and options granted during the period.

Provide the following information for the period beginning on the date of the last Listing Statement (Form 2A):

(a) summary of securities issued during the period, <u>See Financial Statements</u> (Note 6) attached as Schedule A.

Date of Issue	Type of Security (common shares, convertible debentures, etc.)	Type of Issue (private placement, public offering, exercise of warrants, etc.)	Number	Price	Total Proceeds	Type of Consideration (cash, property, etc.)	Describe relationship of Person with Issuer (indicate if Related Person)	Commission Paid

(b) summary of options granted during the period,

Date	Number	Name of Optionee if Related Person and relationship	Generic description of other Optionees	Exercise Price	Expiry Date	Market Price on date of Grant

3. Summary of securities as at the end of the reporting period.

Provide the following information in tabular format as at the end of the reporting period:

(a) description of authorized share capital including number of shares for each class, dividend rates on preferred shares and whether or not cumulative, redemption and conversion provisions,

<u>See Financial Statements (Condensed Interim Statement of Changes in Shareholders' Equity; Note 7) attached as Schedule A.</u>

(b) number and recorded value for shares issued and outstanding,

<u>See Financial Statements (Condensed Interim Statement of Changes in Shareholders' Equity) attached as Schedule A.</u>

(c)	description of options, warrants and convertible securities outstanding, including number or amount, exercise or conversion price and expiry date, and any recorded value, and
	See Financial Statements (Note 7) attached as Schedule A.
(d)	number of shares in each class of shares subject to escrow or pooling agreements or any other restriction on transfer.
	See Financial Statements (Note 7) attached as Schedule A.
	the names of the directors and officers, with an indication of the tion(s) held, as at the date this report is signed and filed.

MANAGEMENT DISCUSSION AND ANALYSIS ("MD&A")

Effective May 30, 2019

The following discussion and analysis of the financial condition and results of operations of Nextleaf Solutions Ltd. (formerly Legion Metals Corp.) ("Legion" or the "Company") for the six months ended March 31, 2019 should be read in conjunction with the Company's annual audited financial statements and related notes for the year ended September 30, 2018, and the Company's condensed interim consolidated financial statements for the period ended March 31, 2019. Each set of financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS"). All monetary amounts in the MD&A are expressed in Canadian dollars, except per share amounts or as otherwise indicated.

FORWARD-LOOKING STATEMENTS

This MD&A includes forward-looking statements that are based upon current expectations, which involve risks and uncertainties associated with our business and the environment in which the business operates. Any statements contained herein that are not statements of historical fact may be deemed to be forward looking statements, including those identified by the expressions "anticipate", "believe", "plan", "estimate", "expect", "intend" and similar expressions to the extent they relate to the Company or its management. Forward-looking statements are not historical facts but reflect management's expectations regarding future events. Forward-looking statements are subject to a number of risks and uncertainties that could cause actual results or events to differ materially from current expectations.

DESCRIPTION OF THE BUSINESS

The Company was incorporated under the Business Corporations Act (British Columbia) on December 8, 2016 under the name "1099582 B.C. Ltd.". The Company changed its name to "Legion Metals Corp." on March 28, 2017 and to "Nextleaf Solutions Ltd." on March 14, 2019.

On March 14, 2019, the Company acquired all of the issued and outstanding common shares of Nextleaf Innovations Ltd., ("Nextleaf") a private British Columbia cannabis extraction technology company incorporated on October 6, 2015, by an Acquisition and Arrangement Agreement by way of Plan of Arrangement (the "Transaction").

The Transaction was accounted for as a reverse acquisition ("RTO") of Legion by Nextleaf for accounting purposes, with Nextleaf being identified as the accounting acquirer, and accordingly, the Company is considered a continuation of Nextleaf. The net assets of Legion at the date of the RTO are deemed to have been acquired by Nextleaf, as follows:

Net assets of Legion acquired:	\$
Cash	100,250
Receivables	6,811
Net assets acquired	107,061
Consideration paid in RTO of Legion:	\$
Common shares (fair value of 3,647,029 common shares at \$0.35 per share)	1,276,460
Replacement warrants	11,000
Transaction costs - cash	189,668
Total consideration paid	1,477,128
Lising expense	1,370,067

The financial statements include the results of operations of Legion from March 14, 2019. The comparative figures are those of Nextleaf prior to the RTO, with the exception of adjusting retroactively the capital of Nextleaf to reflect the capital of the Legion. On closing of the Transaction, the outstanding options and warrants to purchase common shares of Legion and Nextleaf now represent options and warrants to purchase common shares of the Company.

For the purposes of this MD&A, the "Company" or "Nextleaf" is hereinafter defined as the consolidated entity.

Nextleaf is an extraction technology company that has developed a portfolio of issued and pending patents pertaining to the company's unique, industrial-scale process of producing purified cannabinoid distillate, a tasteless, odourless cannabis concentrate best suited for infusing premium value-added products. Nextleaf has completed construction of its dedicated extraction and processing facility in Greater Vancouver, British Columbia. The Company's facility is awaiting Health Canada licensing, which requires an inspection and approval of site evidence package submission. Nextleaf is actively developing and protecting intellectual property pertaining to the extraction, refinement, and purification of cannabinoids. The Company owns 3 issued patents and has a further 22 patents pending.

Once the Company's centralized processing facility in Coquitlam, British Columbia receives a Standard Processing License from Health Canada, the Company plans to commercialize its intellectual property portfolio of issued and pending patents through licensing of intellectual property, providing processing solutions to licensed cultivators of cannabis, and supplying cannabis oil to qualified Canadian and international business-to-business partners under their own brand. Nextleaf's facility has been built with an annual production capacity to process 100,000 kg of dried cannabis biomass into 300,000 litres of cannabis oil. The Company's facility also includes dedicated research and laboratory infrastructure, allowing for the continued and rapid development of novel, scalable cannabis processing technologies.

Additionally, the Company has designed and built a mobile extraction lab, fully-equipped to process 20 kg per hour of biomass into cannabis oil. The Company's mobile extraction lab can process cannabis as a fee/toll-based service at a client's licensed facility.

Nextleaf generates revenue through four verticals: toll processing, white label production, licensing intellectual property, and equipment services. The Company's mission is to develop and deploy large-scale marijuana and hemp extraction technologies and provide turn-key processing solutions to help licensed cultivators maximize the value of every harvest.

The Company owns and continually invests in an intellectual property portfolio of systems, methods, and apparatuses for the extraction and refinement of high-value extracts from cannabis and hemp biomass, as well as formulations for a number of cannabinoid-infused products. The Company's patented technology and market-validated formulations help cultivators increase revenue and profitability through extraction and purification of biomass into colourless, tasteless, odourless cannabinoid distillate oil. Containing a cannabinoid concentration of up to 95%, the resulting distillate is easy to dose, formulate, and develop into innovative, value-added products for medical and adult-use markets.

OVERALL PERFORMANCE

The Company's focus for the six months ended March 31, 2019 was completing the build out of its centralized processing facility in Coquitlam, BC, and the completion of the RTO and its public listing on the Canadian Securities Exchange. The Company was active in developing and protecting intellectual property pertaining to the extraction and purification of cannabinoids and production of cannabis derived products. The company continued to develop its pipeline of prospective customers for toll processing and white label production, along with its pursuit of the appropriate Health Canada licensing so to enable the Company to commence commercial operations. As at March 31, 2019, the Company had no debt and was in a positive working capital position of \$2,864,311. The Company's common shares trade on the Canadian Securities Exchange under the trading symbol "OILS."

Subsequent to March 31, 2019, the Company completed a private placement by issuing 10,400,000 units for gross proceeds of \$4,160,000. Each unit comprises one share and one common share purchase warrant with each warrant exercisable at \$0.70 per share until May 15, 2021. In connection with this private placement, the Company paid \$120,450 in finders' fees and issued 298,625 finders' warrants. The finders' warrants are exercisable at \$0.40 per share until May 15, 2021. The units are subject to a four-month hold period which expires on September 15, 2019. Subsequent to March 31, 2019, the Company also issued 198,461 common shares on the exercise of stock options and warrants for gross proceeds of \$69,462.

RESULTS OF OPERATIONS

The variations from quarter to quarter over the previous eight financial quarters as shown below are largely attributable to variations in revenue and increased expenses correlating with increases in operating activity and the Company's public listing. The Company's expenses are primarily characterized by cash-based expenses driven by the more significant amounts within investor relations and advertising, professional fees and consulting, wages and salaries, and administrative expenses (amongst others). The Company's non-cash expenses include share-based payments, listing expense, and depreciation.

Expenses increased overall during the six months ended March 31, 2019, relative to the six months ended March 31, 2018 which caused an increase in loss from operating expenses by approximately \$4,627,000. Additionally, the Company did not generate revenue during the six months ended March 31, 2019, as it has ceased the provision of processing services, and did not complete any equipment sales during the period then ended.

During the six months ended March 31, 2019, the Company increased investor relations efforts as a newly listed company, and it incurred significant professional fees in relation to obtaining its public listing and outsourcing various professional functions. More notable fluctuations in operating expenses and other expenses during the six months ended March 31, 2019, are as follows:

- Investor relations, marketing and advertising of \$250,236 increased by approximately \$201,000 due to increased activity in effort to create investor and shareholder awareness as a newly listed entity;
- Professional and consulting fees of \$830,953 increased by approximately \$303,000 as a result of
 greater audit, accounting, legal fees, and consulting fees related to the development of the Company's
 business, its patent filings, and activities relating to obtaining a public listing. Consulting fees
 comprises fees paid to certain of the Company's officers and directors.
- Wages and salaries of \$253,066 increased by approximately \$92,000 due to hiring additional key staff as the Company added additional full-time and part-time positions in various departments to facilitate growth efforts;
- Listing expense of \$1,370,067 is a non-cash expense which arose on completion of the RTO and represents the excess of the consideration paid over the net assets of Legion, and the resulting cost of obtaining a public listing.

SUMMARY OF QUARTERLY RESULTS

The following table shows results from the last eight quarters:

Period Ending	Revenue \$	Loss and comprehensive loss
March 31, 2019	-	(4,473,406)
December 31, 2018	-	(732,121)
September 30, 2018	182,000	(769,437)
June 30, 2018	90,172	(428,424)
March 31, 2018	221,002	(614,305)
December 31, 2017	30,234	(391,952)
September 30, 2017	119,760	(356,162)
June 30, 2017	-	(123,659)

LIQUIDITY AND CAPITAL RESOURCES

The Company's objectives when managing its liquidity and capital are to support further advancement of the Company's business objectives, as well as to ensure that the Company is able to meet its financial obligations as they come due.

Cash and working capital

As at March 31, 2019 the Company had cash of \$3,556,720 and working capital of approximately \$2,864,000.

Cash flow activity

The increase in cash and working capital as at March 31, 2019 compared to September 30, 2018, is substantially driven by the Company completing a private placement for gross proceeds of \$5,000,000 as discussed in "Share Capital Information" below in conjunction with closing of the RTO.

During the six months ended March 31, 2019, cash increased by approximately \$2,719,000, driven by the following:

- Cash used in operating activities was approximately \$2,045,000;
- Cash used in investing activities of approximately \$735,000 was driven by purchases of equipment and leasehold improvements, and additional advances made on the promissory note receivable, and primarily offset by cash acquired on reverse acquisition (RTO); and
- Cash flows from financing activities of approximately \$5,498,000 was driven by proceeds from the issuance of common shares net of share issue costs, and collections of subscriptions receivable.

SHARE CAPITAL INFORMATION

Authorized

Unlimited number of common shares with no par value.

Issued and Outstanding

As at the date of this MD&A, the total issued and outstanding share capital consists of 107,224,597 common shares (March 31,2019-96,626,129) (September 30,2018-33,378,944).

Transactions for the issue of share capital during the six month period ended March 31, 2019:

• In conjunction with the closing of the RTO, the Company completed a brokered private placement of 14,285,714 units at a price of \$0.35 per unit for gross proceeds of \$5,000,000. Each unit consists of one common share and one common share purchase warrant of the Company exercisable at \$0.70 per share until March 14, 2021.

In connection with the private placement and closing of the RTO, the Company issued 569,446 compensatory finders' warrants with a fair value of \$105,300 and assumed 112,203 replacement finders' warrants with a fair value of \$11,000, respectively.

Additionally, the Company paid \$342,348, in cash share issue costs in connection with completion of the private placement.

• Subsequent to March 31, 2019, the Company completed a private placement by issuing 10,400,000 units for gross proceeds of \$4,160,000, as detailed in "Overall Performance" above.

Warrants

At the date of this MD&A, the Company had 25,329,612 warrants outstanding (September 30, 2018 – 750,000).

A summary of the Company's common share purchase warrants as at March 31, 2019 and changes during the period then ended is as follows:

Six months ended March 31, 2019

		Weighted
		average
	Warrants	exercise price
	#	\$
Warrants outstanding, beginning of period	750,000	0.25
Issued - attached to units	14,285,711	0.70
Issued - finders' warrants	569,446	0.35
Replacement finders' warrants assumed on RTO	112,203	0.35
Expired	(750,000)	0.25
Warrants outstanding, end of period	14,967,360	0.68

Stock options

As at the date of this MD&A, the Company has 13,939,287 stock options outstanding (September 30, 2018 – nil).

A summary of the status of the Company's stock options as at March 31, 2019 and changes during the period then ended is as follows:

Six months ended March 31, 2019

		Weighted
		average
	Options	exercise price
	#	\$
Options outstanding, beginning of period/year	-	-
Granted - Performance stock options	7,500,000	0.35
Granted - Regular stock options	6,400,000	0.35
Assumed on RTO	200,000	0.35
Options outstanding, end of period/year	14,100,000	0.35

OFF-BALANCE SHEET ARRANGEMENTS

Nextleaf does not utilize off-balance-sheet arrangements.

PROPOSED TRANSACTIONS

There are no proposed transaction as of the date of this MD&A.

TRANSACTIONS WITH RELATED PARTIES

The remuneration of key management and directors for the six months March 31, 2019 and March 31, 2018 are as follows:

	March 31,	March 31,
	2019	2018
	\$	\$
Consulting fees	272,000	77,700
Performance options (share-based payments)	1,426,345	<u>-</u> _
	1,698,345	77,700

The performance options vest upon key operational milestones being met.

Consulting fees and share-based payments which comprise performance options comprise amounts paid/accrued to the officers and directors of the Company either directly, or to companies controlled by them for their services as executive officers and/or directors of the Company which includes the CEO, CFO, CTO and other directors:

The Company did not transact with other related parties during the six months ended March 31, 2019 and March 31, 2018.

Amounts payable to related parties

The following amounts are payable to related parties as at March 31, 2019 and September 30, 2018:

	March 31, 2019	September 30, 2018
	\$	\$
(1) Accounts payable and accrued liabilities	178,141	138,286
	178,141	138,286

⁽¹⁾ Amounts due to CEO, CFO, and CTO, relating to consulting fees presented above.

Amounts receivable from related parties

The following amounts are receivable from related parties as at March 31, 2019 and September 30, 2018:

		March 31,	September 30,
		2019	2018
		\$	\$
(2)	Due from related parties	-	102,773
(3)	Prepaid expenses to related parties	21,129	50,477
		21,129	153,250

⁽²⁾ Amounts due from a former director.

During the six months ended March 31, 2019, the Company reached a tentative agreement with a former director in relation to an amount included within due from related parties. Accordingly, the Company reclassified \$79,500 to deposits and wrote-off \$5,770 of accrued interest receivable formerly included in due to related parties to administrative expenses.

⁽³⁾ Expense advances to CTO.

NEW ACCOUNTING STANDARDS

New accounting policies

IFRS 9 – Financial Instruments

The Company has adopted new accounting standard IFRS 9 - Financial Instruments, effective for annual periods beginning on or after January 1, 2018. The adoption of IFRS 9 did not result in any changes to the classification, measurement or carrying amounts of the Company's existing financial instruments on the transition date of October 1, 2018. The details of this new significant accounting policy and the nature and effect of the changes to the previous accounting policy is detailed in Note 2 of the financial statements for the six months ended March 31, 2019.

IFRS 15 – Revenues from contracts with customers

The Company has adopted new accounting standard *IFRS 15 – Revenues from contracts with customers*, effective for annual periods beginning on or after January 1, 2018. The adoption of IFRS 15 did not result in any changes to the report amounts of revenues for the Company. Refer to Note 2 to the financial statements for further details.

Accounting standards issued but not yet effective

IFRS 16 - Leases

A new standard that sets out the principles for recognition, measurement, presentation, and disclosure of leases including guidance for both parties to a contract, the lessee and the lessor. The new standard eliminates the classification of leases as either operating or finance leases as is required by IAS 17 and instead introduces a single lease accounting model, effective for annual periods beginning on or after January 1, 2019.

The Company has not yet completing the scoping and review of its lease of its centralized processing facility. However, the Company initially anticipates the adoption of IFRS 16 to have a material impact on the statements of financial position primarily due to the capitalization and recognition and measurement of the right-of-use asset and lease liability associated with its centralized processing facility and initially intends to apply the transition to IFRS 16 under the modified retrospective approach. The impact on profit or loss will be a reduction of rent expense for the centralized processing facility, and instead will be replaced by an amortization of the right-of-use asset and interest (finance) costs on the lease liability. The lease contract is denominated in Canadian dollars, therefore there will be no volatility in foreign exchange amounts recognized in profit or loss.

IFRIC 23 - Uncertainty over Income Tax Treatments

The Interpretation provides guidance on the accounting for current and deferred tax liabilities and assets in circumstances in which there is uncertainty over income tax treatments. The Interpretation is applicable for annual periods beginning on or after January 1, 2019. The Company has initially anticipates that there will be no significant impact on adoption of the Interpretation.

Other accounting standards or amendments to existing accounting standards that have been issued but have future effective dates are either not applicable or are not expected to have a significant impact on the Company's financial statements.

RISKS AND UNCERTAINTIES

The Company operates in rapidly changing environment that involves risks and uncertainties and as a result management expectation may not be realized for a number of reasons. An investment in Nextleaf common shares is speculative and involves a high degree of risk and uncertainty. The current regulatory uncertainty poses additional risks and uncertainties which may materially affect management's expectations.

Regulatory Risks

The operations of the Company will be subject to various laws governing the production and distribution of cannabis oil, taxes, labour standards and occupational health, toxic substances, land use, water use, and other matters.

The *Cannabis Act* is a new regime and as such, revisions to the regime could be implemented which could have an impact on operations.

Furthermore, although the operations of each of Nextleaf are currently carried out in accordance with all applicable rules and regulations, no assurance can be given that new rules and regulations will not be enacted or that existing rules and regulations will not be applied in a manner which could limit or curtail the ability to produce cannabis oil and related products. Amendments to current laws and regulations governing the distribution, transportation and/or production of cannabis oil or related products, or more stringent implementation thereof could have a substantial adverse impact.

Ongoing Need for Financing

As the Company will have limited revenue, its ability to continue operations will be largely reliant on its continued attractiveness to equity investors. The Company is expected to incur operating losses as it continues to expend funds to develop its business operations. Even if its financial resources are sufficient to fund its current operations, there is no guarantee that the Company will be able to achieve its business objectives. The continued development of Nextleaf following will require substantial additional financing. The failure to raise such capital could result in the delay or indefinite postponement of current business objectives or the going out of business. The primary source of funding available to the Company will consist of equity financing. There can be no assurance that additional capital or other types of financing will be available if needed or that, if available, the terms of such financing will be favourable. In addition, from time to time, the Company may enter into transactions to acquire assets or the shares of other corporations. These transactions may be financed wholly or partially with debt, which may temporarily increase the Company's debt levels above industry standards.

Requirement for Licenses

There is uncertainty around the Company or its processing facility securing the necessary Standard Processing License from Health Canada, and securing the necessary Authorization to Distribute License. Failure to secure such licenses could have a material adverse impact on the Company and its operations.

Competition

The cannabis production industry is competitive in all of its phases. The Company will face strong competition from other companies in connection with such matters. Many of these companies have greater financial resources, operational experience and technical capabilities than Nextleaf. As a result of this competition, the Company may be unable to maintain its operations or develop them as currently proposed, on terms it considers acceptable or at all. Consequently, the revenues, operations and financial condition of the Company could be materially adversely affected.

Because of early stage of the industry in which Nextleaf operates, the Company may face additional competition from new entrants. If the number of users of marijuana in Canada increases, the demand for products will increase and expects that competition will become more intense, as current and future competitors begin to offer an increasing number of diversified products. To remain competitive, the Company will require a continued high level of investment in research and development, marketing, sales and client support. The Company may not have sufficient resources to maintain research and development, marketing, sales and client support efforts on a competitive basis which could materially and adversely affect the business, financial condition and results of operations.

FINANCIAL RISK MANAGEMENT

The Company's financial instruments consist of cash, receivables, due from related parties, subscriptions receivable, promissory note receivable, and accounts payable and accrued liabilities.

The Company's financial instruments with the exception of cash approximate their fair values. Cash, under the fair value hierarchy is based on Level 1 quoted prices in active markets for identical assets or liabilities.

The Company is exposed to varying levels and degrees of risk, including credit risk, liquidity risk, and market risk as detailed in Note 10 to the financial statements for the six months ended March 31, 2019.

SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

Nextleaf prepares its financial statements in conformity with IFRS which requires management to make judgments estimates and assumptions that affect the report amounts of assets, liabilities and contingent liabilities at each reporting date and the reporting amounts of income and expenses during each reporting period. Nextleaf details its significant areas of estimation uncertainty, and significant areas of judgment within its significant accounting policies in Note 3 to its annual audited financial statements for the year ended September 30, 2018. There were no changes to the Company's significant accounting judgments, estimates and assumptions during the period ended March 31, 2019.

Effective October 1, 2018, the Company adopted IFRS 9 and IFRS 15 as noted above within "New Accounting Standards", the adoption of these standards did not result in any changes to the classification, measurement or carrying amounts of assets, liabilities, income and expenses. The details of the Company's new accounting policy in connection with the adoption of IFRS 9, is disclosed in Note 2 to the financial statements for the six months ended March 31, 2019.

APPROVAL

The Board of Directors of Nextleaf have approved the disclosures in this MD&A

Certificate Of Compliance

The undersigned hereby certifies that:

- 1. The undersigned is a director and/or senior officer of the Issuer and has been duly authorized by a resolution of the board of directors of the Issuer to sign this Quarterly Listing Statement.
- 2. As of the date hereof there is no material information concerning the Issuer which has not been publicly disclosed.
- 3. The undersigned hereby certifies to the Exchange that the Issuer is in compliance with the requirements of applicable securities legislation (as such term is defined in National Instrument 14-101) and all Exchange Requirements (as defined in CNSX Policy 1).
- 4. All of the information in this Form 5 Quarterly Listing Statement is true.

Dated May 30, 2019.
