

POKO GROUP (UK) LTD AGREE PARTNERSHIP WITH ACTIVE CBD MANUFACTURING LTD.

Further decreasing product costs for its consumer brands and increasing accessibility to CBD pouches within the UK market.

London/Belfast – 15 December 2021: (Poko: CSE) – Poko Innovations, Inc., an award-winning international UK based CBD & Fintech company, is pleased to announce that their fully owned subsidiary Poko Group UK Ltd has recently signed an agreement with Active CBD Manufacturing Ltd. to allow Poko Group to reduce the final purchase cost of its CBD pouches, significantly increasing its ability to close distribution deals and improve accessibility to this product in the UK market.

Active CBD Manufacturing Ltd. is a UK based contract manufacturer working within the CBD edibles space and is specializing in CBD edibles including CBD Pouches. CBD pouches are a natural, vegan friendly, non-smokable and non-vapable method of consuming CBD. These discreet pouches are made from natural coconut fibres and it is one of the main consumer products Poko is focused on within the UK and EU markets.

The deal is positioned to allow Poko to significantly reduce their production cost through a) being supplied the raw materials at cost, where they previously had paid a 100% margin and b) Be given direct access to the production factory where the manufacturing takes place. This agreement is in exchange for an undisclosed number of share options in Poko Innovations Inc. (POKO:CSE).

David Wood, Business Development Director says of the partnership, *“I believe Poko has a bright future and I feel share options gives us an upside to be part of that success story we believe Poko will be. By helping Poko reduce its costs, we believe we are giving them the support Poko needs to finalize deals with distribution companies, we have belief in its management team and their strategy for the UK and EU markets”*

innovations inc.

Poko's CBD Pouches will be launched via the UK market and are positioned as a solution for CBD users who do not enjoy the strong taste often associated with CBD tinctures and are looking for a discreet, smoke and vape free solution to taking CBD throughout the day, to help with anxiety, stress and sleep. It will also be positioned to work as an addition to the popular snus pouches on the market, providing a product that allows the user to switch from nicotine to CBD products in the evening to improve their sleep cycle.

The pouches come in 8 different flavours; Berry Breeze, Berry Blast, Mango Crush, Strawberry Haze, Blackcurrant Anise, Glacial Mint, Ice Apple and Cherry Orchard. Each tin consists of 20 individual pouches and each pouch contains 20mg of CBD. The method of consumption allows for optimal CBD bioavailability. The pouches retail at £15 for the individual tin or £36 for a set of three.

Strategic opportunities for Poko:

- a) Reduces the per unit cost of its pouches.
- b) Gives greater control over the production process with direct access to the factory.
- c) Increase margins on existing CBD pouches to help increase the distribution network.

- d) Increase accessibility to our CBD pouches to the consumer market through increase in distribution.

“This agreement is another very important step in our aim to be a profitable, sought after CBD brand in the UK market, by reducing the cost base we have increased our potential of further large distribution deals and made our margins more lucrative for our existing partners.” David Hughes CEO and Co-Founder stated. *“We strive to produce products that offer innovative methods to consuming CBD and integrating it into peoples lifestyles, and for us accessibility to the product is key, we feel this partnership is an excellent step towards our CBD pouches being available across the UK”.*

The Poko Story

Poko Innovations Inc. has been focused in the reduction of the cost base for its consumer products to ensure it can gain a foothold in what we consider to be a much less crowded market than in the US or elsewhere in North America. By establishing a foothold in the UK and EU in early 2022 we believe we can create high lifetime value customers and high shareholder values.

Once established the management will focus its efforts on the fintech branch of the business where there is additional value to be achieved for shareholders.

Poko Innovations, Inc. is an award-winning international UK based integrated company with a robust portfolio of CBD brands, a financial services platform, LumiPay, a range of consumer brands and a roster of marketing and media sites.

The business is broken into independent units that work together to leverage their strengths:
