

## GLANCE TECHNOLOGIES ANNOUNCES NEW CAPABILITY TO INTEGRATE WITH HUNDREDS OF THOUSANDS OF POINT-OF-SALE INSTALLATIONS

**September 12, 2018 – Vancouver, B.C.** – Glance Technologies Inc. (“Glance” or the “Company”) (CSE:GET.CN) (OTCQB:GLNNF) (FKT:GJT) today announced that its Glance Pay & Glance PayMe™ mobile payments platforms now fully integrate with 15 of the leading restaurant & merchant Point of Sale systems, including Oracle MICROS, NCR Aloha POS, and Squirrel POS.

Adding integrations to this wide an array of Point of Sale systems now enables Glance to directly connect to more than an estimated 500,000 different POS installations in North America.

POS integrations allow Glance to send and retrieve information directly to the POS, removing manual steps and opening up new opportunities for Glance’s technology such as auto-closing bills, pulling bills electronically, and auto-inserting orders.

“Creating integrations with such a wide range of POS systems is another step forward in making Glance Pay the mobile payments platform of choice for a wide range of businesses,” says Glance Technologies CEO Desmond Griffin. “Integrations are particularly important for larger chains which makes this a significant development for us.”

Some of the more well-known POS systems that Glance can now integrate with include:

- MICROS (Oracle)
- Squirrel POS
- NCR Aloha POS
- Oracle Hospitality Symphony
- InfoGenesis POS
- POSiTouch
- Heartland Dinerware
- Maitre’D POS
- NorthStar

By making it faster and easier for merchants and restaurants to resolve payments, Glance Pay is giving restaurant and merchant staff both more time to help patrons and speed turnover, and more peace of mind that nothing was missed, no matter how busy the location is.

### **About Glance Technologies Inc.**

Glance owns and operates Glance Pay, a streamlined payment system that revolutionizes how smartphone users choose where to shop, order goods and services, make payments, access digital receipts, redeem digital deals, earn great rewards & interact with merchants. Glance offers targeted in-app marketing, geo-targeted digital coupons, customer feedback, in-merchant messaging and custom rewards programs. The Glance Pay mobile payment system consists of proprietary technology, which includes user apps available for free downloads in iOS (Apple) and Android formats, merchant manager apps, a large-scale technology hosting environment with sophisticated anti-fraud technology and lightning-fast payment processing. Glance has also recently purchased a blockchain solution and is working on a rewards-based cryptocurrency, the whitepaper for which can be found on the company’s website.

**Forward-Looking Statements**

*This press release contains forward-looking information or forward-looking statements (collectively "forward-looking information") within the meaning of applicable securities laws. Forward-looking information is typically identified by words such as: "may", "believe", "thinks", "expect", "exploring", "expand", "could", "anticipate", "intend", "estimate", "plan", "pursue", "potentially", "projected", "should", "will" and similar expressions, or are those, which, by their nature, refer to future events. These forward-looking statements, which involve risks and uncertainties, relate to, among other things, the discussion of Glance's business strategies and its expectations concerning future operations (including advancing its technological roadmap), the expectation that integration with new POS systems will accelerate Glance's growth and scale. Although Glance considers these forward-looking statements to be reasonable based on information currently available to it, they may prove to be incorrect, and the forward-looking statements in this release are subject to numerous risks, uncertainties and other factors that may cause future results to differ materially from those expressed or implied in such forward-looking statements. Such risk factors include, among other things, risks related to expansion. The forward-looking information in this press release is also based on certain estimates, forecasts and projections, as well as expectations, beliefs and assumptions, including, among other things, that Glance will be able to achieve its business objectives, and that Glance will be able to develop proprietary software to implement its plans. For additional information with respect to these and other factors and assumptions underlying the forward-looking statements in this press release, see the section entitled "Risk Factors" in the most recent Annual Information Form and Prospectus of Glance, which may be accessed through Glance's profile on SEDAR at [www.sedar.com](http://www.sedar.com). Glance cautions investors that any forward-looking information provided by Glance is not a guarantee of future results or performance, and that actual results may differ materially from those in forward-looking statements. Undue reliance should not be placed on such forward-looking information, as there can be no assurance that the plans, intentions or expectations upon which they are based will occur.*
