

PLYMOUTH ROCK TECHNOLOGIES CANCELS PRIVATE PLACEMENT

Plymouth, Massachusetts – March 16, 2020 – Plymouth Rock Technologies Inc. (CSE: PRT) (OTC: PLRTF) (Frankfurt: 4XA WKN# A2N8RH) (“Plymouth Rock”, “PRT”, or the “Company”) a leader in the development of cutting edge threat detection technologies, today provided an update to the unit offering announced February 4, 2020.

Due to the instability in the financial markets caused by the COVID-19 pandemic, the Company will no longer be proceeding with the previously announced financing. Subscription proceeds received from investors will be returned without deduction.

PRT’s management team and board will be taking measures to reduce variable and fixed costs while maintaining to the best of its ability ongoing business opportunities and technology development.

About Plymouth Rock Technologies Inc.

The Company is developing the next generation of threat detection solutions, with state-of-the-art technological advancements. Our advanced threat detection methods fuse artificial intelligence with augmented reality interfaces to eliminate human operating error. Plymouth Rock products, both airborne and land-based, will scan for threat items at greater "stand-off" distances than current existing technologies. Our unique radar imaging and signal processing technology creates new opportunities for remotely operated, none intrusive screening of crowds in real time.

Plymouth Rock's core technologies include: (1) A Millimeter-wave Remote Imaging from Airborne Drone ("**MIRIAD**"); (2) A compact millimeter-wave radar system for scanning shoe's ("**SS1 Shoe-Scanner**"); and (3) Wi-Fi radar techniques for lawful threat detection screening in Wi-Fi enabled zones in buildings and places, such as airports, shopping malls, schools and sports venues ("**Wi-Ti**" - Wireless Threat Indication).
