February 19, 2019, Almonte, Ontario – 3 Sixty Risk Solutions Ltd. (“**3Sixty**” or the “**Company**”) (CSE: SAFE) is pleased to announce that the Company, which operates through its wholly-owned subsidiary, 3 Sixty Secure Corp., is providing secure transport services to James E. Wagner Cultivation Ltd. (“JWC”) (TSXV: JWCA) within the province of Ontario, Canada’s largest cannabis market. JWC recently announced several milestones which included its first shipment to the Canopy Growth Corporation’s *CraftGrow* store during Q4 2018 and commenced construction on its second, 345,000 sq. ft., facility, JWC 2, which represents a significant increase in cultivation capacity for JWC and meaningful growth potential for 3 Sixty.

“We are extremely proud to have been selected by JWC, which exemplifies the entrepreneurial spirit of Canada’s world-class cannabis businesses,” said Thomas Gerstenecker, CEO and Founder of 3Sixty. “JWC has rapidly scaled from a company operating a state-of-the-art 15,000 sq. ft. facility to commencing construction on a facility more than 20 times the size, which will increase its target production to roughly 30,000 kg per year. We congratulate JWC on its growth and 3 Sixty is pleased to be able to offer secure transport services that can scale with JWC’s impressive growth trajectory.”

“3 Sixty holds a leadership position in cannabis-focused security,” added Thomas Gerstenecker. “We provide world-class security services to our top-tier customer base and we continue to seek new services to offer to our existing customers. Additionally, a key tenet of our strategy growth plan is to leverage our expertise throughout Canada and to capitalize on the growing US and international markets organically and by identifying M&A opportunities using a disciplined approach. Growing customers, like JWC, are an important focus for the company and the expertise that we demonstrate every day will enable us to accelerate our growth with existing customers and in new geographies.”
