**IGNITE INTERNATIONAL BRANDS (U.K.), LTD. INTRODUCES THE UNITED KINGDOM TO IGNITE  
CBD AT LONDON LAUNCH EVENT AND EUROPE CBD EXPO**

**VAUGHAN, ON July 17, 2019** Following a high-profile launch event at the Mandrake Hotel in central London and a notable presence at the inaugural Europe CBD Expo, Ignite International Brands (U.K), Ltd. (“Ignite UK”) has now officially launched the Ignite brand of products in Europe via the United Kingdom.

Ignite UK enters the European market with an exciting line up of lifestyle-based CBD products that include drops (tinctures), vapes and topicals. These products are 100% natural and dosed to provide effects of calm, lucid and recharge. As your day changes, so should your CBD.

Ignite UK has released five (5) drop flavours and three (3) vape flavours, with additional SKUs scheduled for release in the near term. New to the Ignite line-up is a CBD Lip Balm, which serves as a reasonably-priced entry point for the consumer curious about Ignite and/or CBD topicals.

Ignite UK sources the purest full spectrum distillate and 99% pure CBD isolate and infuses them with fractionated coconut oil, natural flavour extracts and terpenes, all of which are formulated to provide the exhilarating, clarifying benefits of CBD.

European consumers can now purchase Ignite CBD Drops, Disposable Vape Pens and Lip Balms at two London retail locations as well as online at [www.uk.ignitecbd.co](http://www.uk.ignitecbd.co).

Jim McCormick, President of Ignite International Brands, Ltd. (“Ignite”), the parent company of Ignite UK, adds: “North American CBD companies are increasing their presence in the UK and Europe to enter a market that is anticipated to reach £16.5 billion in the next decade. We are excited to have launched our Ignite CBD product line in Europe. The initial response has been tremendous, and we look forward to diversifying our business across the UK and EU member states with our trade partners in the UK.”

As part of a large-scale media activation, London will be graced with the “Ignited Kingdom” marketing campaign. Strategically placed digital screens and billboards will demonstrate the balanced, aspirational lifestyle Ignite UK encourages through CBD use.

CBD is still relatively new in the UK and Europe. Although there have been a number of campaigns to date, none have been on a significant scale nor has a dominant brand yet to emerge. Ignite UK intends to capitalize on this opportunity with its first mover advantage and already massive social media reach. With the integration of traditional and digital out-of-home marketing combined with social influencer campaigns, Ignite UK aims to become the most recognizable CBD brand in the EU.
