"The acquisition of SR Wholesale marks the latest step in the Company's growth and expansion strategy, as we continue to move forward with a positive business outlook focused on achieving revenue growth, profitability and value creation for our shareholders. We expect this transaction to serve as a launchpad for Red Light Holland to broaden operations, create new homes for our iMicrodose packs and build brand exposure into multiple European markets. Others companies in the sector can keep telling people or assuming how people should consume psilocybin years from now, while we will continue offering people what they want right now, while concentrating on immediate revenue, profit and growth" said Todd Shapiro, the Chief Executive Officer and Director of the Company. "We are quite thrilled, after months of tough negotiations and careful due diligence, to move forward as the largest legal psychedelic distribution publicly traded company in the world.² As well, we are truly so pleased to work closely with Mr. Shai Ramsahai, who is one of the brightest, most determined and likeable entrepreneurs I've ever come across. And he is an absolute legend in the Netherlands!"

"This is an exciting time for both SR Wholesale and Red Light Holland. After years of hard work we have established an incredible and profitable Distribution company with a huge network across the Netherlands and Europe. I believe that moving forward with Hans Derix (Red Light Holland's President) and Todd Shapiro coupled with our extremely knowledgeable, loyal and committed team, that together we can grow our wholesale business to new heights," Said Shai Ramsahai, Founder of SR-Wholesale. "I'm also incredibly proud to be joining Red Light Holland as their Vice-President to help with the smooth transition of SR Wholesale and to then focus on other opportunities for Red Light Holland with my years of experience in the creation and production of consumer goods, a deep knowledge of successful distribution and sales of copious amounts of products and my vast connections and personal relationship within the Psychedelic Sector and beyond."
