About Gabriella's Kitchen Inc.

GABY is a U.S.-focused, consumer packaged goods company operating a "house of brands" in the cannabis industry and in the mainstream grocery channel. Through its wholly-owned subsidiaries The Oil Plant, Inc. ("**TOP**") and Sonoma Pacific Distribution, Inc. ("**Sonoma Pac**"), GABY holds a manufacturing and a distribution license issued by the California Department of Health and the California Bureau of Cannabis Control respectively. With these licenses to operate in the cannabis channel, and its existing infrastructure of major retailers and an extensive broker and distribution network in the mainstream channel, GABY is positioned to bring its proprietary, acquired and third-party brands to market in both the licensed and mainstream market.

Margot and her sister Gabriella co-founded GABY after Gabriella received a dire cancer diagnosis which spurred the sisters to prolong Gabriella's life through a holistic approach to health. Today, GABY is a wellness company with a diverse range of products that use cannabis and hemp derived CBD to address a variety of dietary and health concerns. Although Gabriella ultimately passed away from her illness, she lived exponentially longer than doctors predicted. Her memory and passion live on through GABY's mission: to empower people to live healthy lives without compromise.
