

Monterey Minerals Announces Corporate Update

TORONTO, ON – July 16, 2021 - **Monterey Minerals Inc.** (the “Company” or “Monterey”) (CSE : MREY and FSE : 2DK) today announces a corporate update pertaining to the issued and outstanding shares of the Company.

On April 14, 2021, the Company reported that its Board of Directors decided to cease work at the Alicia Project in the Philippines and sold the property back to the original property vendor. Since that time, the Company has been evaluating its options.

Effective July 23, 2021, Monterey will consolidate its outstanding common shares, on the basis of one (1) post-consolidation common share for every eighty (80) pre-consolidation common shares (“Reverse- Split”). In accordance with the provisions of the British Columbia Securities Act, the Monterey Board of Directors has approved the Reverse Split which will result in approximately 1,914,994 post-consolidation common shares remaining issued and outstanding.

About Monterey Minerals Inc.

The Company owns the Cobalt Mountain Property (the “Property”) in the Omineca Mining Division of British Columbia near the town of Smithers. The Company’s NI 43-101 technical report, available on SEDAR, notes historic sampling on the Property that returned mineralized showings of gold, silver, copper, zinc and cobalt. The Company has optioned its 451 sq. km. of prospective Pilbara Basin tenements on the eastern flank of the Pilbara Basin in Western Australia to an Australian exploration company.
