Smart recruitment technology firm StartMonday Technology Corp. (CSE: JOB) (OTC: STMD) (FRANKFURT: JOB) (the "Company" or "StartMonday") announces that it has amended and restated its interim management discussion and analysis (the "Interim MD&A") for the three and nine months ending September 30, 2017. The Interim MD&A has been amended to clarify and expand upon the qualitative discussion on the financial performance of the Company. The Interim MD&A has also been amended to revise the selected quarterly information table by replacing the operating loss before listing expenses and foreign exchange (a non IFRS measure) results with net loss results. In addition the Interim MD&A has been amended to include additional subsequent events from the date of the original Interim MD&A to the current date. The additional subsequent events are the granting of 100,000 Company stock options and the announcement of a non-brokered private placement of up to 12,000,000 units (the "Units") at a price of \$0.25 per Unit for proceeds of up to \$3,000,000. Each Unit consists of one common share in the capital of the Company (a "Share") and one-half of one common share purchase warrant (each whole warrant, a "Warrant"). Each Warrant entitles the holder thereof to purchase one additional Share at a price of \$0.50 per Share for a period of 12 months from the date of issuance.

The revisions relate only to the Interim MD&A and no changes were made to the financial statements for the same periods. The Company's amended and restated Interim MD&A for the three and nine months ended September 30, 2017 is available on the System for Electronic Document Analysis and Retrieval (SEDAR) at www.sedar.com.
