

Quadron Cannatech Completes Sale of Full Extraction Facility/Build

Vancouver, British Columbia, January 31, 2019 – Quadron Cannatech Corporation (the “**Company**” or “**Quadron**”) – (CSE: QCC), is pleased to announce the completion of the sale of an end-to-end cannabis extraction and processing facility to Cannaworld Ventures Inc. (“**Cannaworld Ventures**”).

Cannaworld Ventures provides strategic investments in the cannabis industry focusing primarily on opportunities in the cannabis processing sector. Cannaworld Ventures is a participant in a large-scale 38,000 sq ft extraction and processing facility. The facility will be built-out in phases - Phase-I will focus on CO2 extraction and will include all processes from preparation of biomass to a variety of end-product (formulated cannabis oils):

- biomass preparation (drying, dehydration, grinding)
- extraction (BOSS CO2 system)
- various filtration components
- solvent recovery
- refinement and distillation
- formulation
- tables, tools, and basic equipment
- freezers and refrigerators
- basic analytical equipment for concentration levels for cannabinoids (not including pesticides, heavy metals, bacterial or fungus)

Rosy Mondin, CEO of Quadron commented: “From day one, our focus is in developing extraction and processing systems to transform a client’s vision and intentions into tangible, high performance results. Our in-house team of engineers & chemists are focused on innovation and removing bottlenecks in the extraction of cannabis oils. Our next-generation CO2 extraction and processing solutions are built to support producers getting to and maintaining ROI. We’re giving our clients the edge in a new and fast-changing industry.”

Delivery of the BOSS CO2 system along with the above-noted ancillary equipment and components are scheduled for delivery to Cannaworld Ventures the week of February 4, 2019.

About Quadron: Quadron provides turn-key extraction and processing environments, and ancillary services to create value-added cannabis derivative products.
