- **Completed a private placement financing raising \$187,000**
- **Managed items noted in #1 and continued general corporate operations**

3. Describe and provide details of any new products or services developed or offered. For resource companies, provide details of new drilling, exploration or production programs and acquisitions of any new properties and attach any mineral or oil and gas or other reports required under Ontario securities law.

**Exploration work is ongoing at the wholly owned Parbec project, with a particular focus on the recently discovered Diorite Splay Zone in the sediments in the NW portion of the property. Renforth's geologists are in the field and have selected representative gold-bearing and non gold-bearing samples for several of the rock types at Parbec in order to do thin section work on the core. The goal of thin section work at this stage of development at the Parbec deposit is to identify the nature and setting of, and minerals associated with, gold which has been intersected in Parbec drill core.**

4. Describe and provide details of any products or services that were discontinued. For resource companies, provide details of any drilling, exploration or production programs that have been amended or abandoned.

**Not applicable.**
