

CIELO WASTE SOLUTIONS ISSUES AMENDMENTS TO DISCLOSURES

AS A RESULT OF A REVIEW BY THE BRITISH COLUMBIA SECURITIES COMMISSION, WE ARE ISSUING THE FOLLOWING PRESS RELEASE TO CLARIFY OUR DISCLOSURE

Vancouver, British Columbia, Canada / July 12, 2016 / CSE:CMC: Cielo Waste Solutions Corp. ("Cielo" or the "Company") announces that the Company has amended and restated its financial statements and Management Discussion ("2015 MD&A") and for the year ended April 30, 2015, with the corresponding amended and restated financial statements and 2015 MD&A report having been re-filed on SEDAR. Cielo has also filed on SEDAR the April 30, 2016 audited financial statements and corresponding Management Discussion and Analysis.

In particular: during the year ended April 30, 2016, the Company discovered an accounting error such that fair value of 18,000,000 common shares issued on July 18, 2014 to complete the acquisition of certain intellectual property assets should have been valued at \$0.17 instead of \$0.20 per share. As a result, share capital and intellectual property prior to any impairment as of April 30, 2015 was overstated by \$540,000. The resulting value of intellectual property should have been \$5,180,933 instead of \$5,720,933, prior to any impairment. The Company further reassessed that the intellectual property as of April 30, 2015 should have been impaired due to the asset being in an idle state in need of further development. The Company therefore restated the value of the intellectual property as of April 30, 2015 to be at a nominal value of \$1 and should have included an impairment charge of \$5,180,932 to its statements of operation for the year ended April 30, 2015. This error and reassessment was corrected in 2016 and resulted in a restatement of its statements of financial position, statement of loss and comprehensive loss and statements of changes in shareholders' equity (deficiency) for 2015.

About Cielo Waste Solutions Corp.:

Cielo specializes in environmentally advanced technologies focused on materials recovery, renewable diesel and landfill reduction through responsible diversion practices. By incorporating the latest material recovery technologies, Cielo is able to achieve significant diversion from landfills while creating a feedstock specifically for renewable diesel. Cielo provides solutions for responsible waste management while also providing value added opportunities.
