## NEWS RELEASE

### Robix Announces Resignation of a Director and Appointment of a Director

**July 12, 2017 – Lethbridge, AB: Robix Environmental Technologies, Inc. (“Robix” or the “Corporation”) (RZX:CSE) (Frankfurt:R0X)** announced today that it has accepted the resignation of Mr. Nathan Hansen as a Director of the Corporation. Mr. Joshua MacNevin has been appointed to the Board of Directors to serve until the next Annual General Meeting of the Corporation.

The resignation and appointment will take effect immediately.

Mr. MacNevin, has a bachelor's degree in Finance from Providence College in Providence Rhode Island, and is currently enrolled in the Chartered Professional Accountants program. He played 15 years professional hockey throughout US and Europe. The Corporation welcomes Josh to the Board of Directors of Robix.

The Corporation wishes to thank Mr. Hansen for his years of service and wishes him success in his future endeavors.

#### **About Robix:**

Robix is focused on the worldwide market for oil containment, recovery and cleaning equipment specifically for the oil spill protection, oil production and water cleaning and purification industries. To that end, Robix has commercialized its C Series Clean Ocean Vessel and the P Series Stationary Platform; both are based on a patented revolutionary oil recovery technology. The C Series is a vessel that recovers oil in rough ocean waters, lakes, rivers and tailings ponds in virtually any conditions. The P Series is an oil recovery platform designed to accelerate oil recovery from settling ponds at production facilities. The Company also offers a suite of Hydro Cycle Water purification and cleaning products.
