

## **1933 INDUSTRIES ADDS TO ITS CANNABIS PORTFOLIO IN NEVADA WITH THE EXCLUSIVE LAUNCH OF BLONDE™ CANNABIS**

VANCOUVER, B.C., CANADA (September 10 2019) – 1933 Industries Inc. (the “Company” or “1933 Industries”) (CSE: TGIF) (OTCQX: TGIF), a vertically integrated cannabis consumer packaged goods company, announces the execution of a Licensing Agreement for the launch of Blonde™, a high-end California brand making its debut in Nevada. Under the terms of the one-year agreement, Alternative Medicine Association (AMA), a 91% owned subsidiary of the Company, receives the exclusive rights to cultivate flower, manufacture pre-rolls, live resin vape pens and cartridges under the Blonde™ brand for distribution to licensed dispensaries throughout Nevada.

With a sleek aesthetic and stylistic packaging, Blonde™ created a cannabis brand of premium products for a high-end and diverse, quality-savvy consumer. “Our aim is to offer luxury cannabis products that provide a remarkable user experience. With our sophisticated approach to branding, we wanted to create product that was predicated on quality and consistency, as we are confident that product prevails in any market”, commented Mr. Tim Gavin, Co-Founder of Blonde™. “Finding the right partner who shares our vision was so important to our Company”, Mr. Gavin added, “AMA has built an outstanding reputation in this business and was selected for its exceptional approach to quality and consistency in its cultivation and manufacturing processes. ### **About Blonde™ Cannabis**

“Whatever satisfies the soul is truth” - Walt Whitman.

The passion we have for living our truth without stigma is something we practice every day. Because we couldn’t find a modern cannabis brand that spoke to us, we created our own. Blonde™ is a modern, premium cannabis company which is truly unrelenting in its pursuit to deliver the highest quality all natural cannabis consistently, with a process that is as true to the whole plant as possible.

Like a good winemaker, we obsess over every detail to create a beautifully nuanced, balanced and distinct flavor in all of our products. Just as all of the decisions a winemaker makes throughout the process of growing, fermenting and storing wine impacts how the bottle tastes and smells, the process of growing, harvesting, extracting and packaging cannabis is everything, affecting its quality, strength, flavors – and your experience.

Our difference is live resin – fresh, not dried. It’s like tasting fresh fruit after you’ve only ever eaten dried. Our newly cut plants are immediately flash frozen, so that the delicate monoterpenes, or natural fragrances and flavors that naturally exist within the plant, do not evaporate. We use a proprietary extraction process to ensure that the pure, live resin concentrates remain loyal in fragrance to the flower in which it came from, retaining the plant’s original fresh, robust and unique flavors.

Blonde™ is responsibly made in the USA using single origin, 100% pure raw materials and all of our products are certified clean, free of dyes and pesticides.

The experience is exceptional.  
And that’s our truth.
