**THC Completes First Shipment of Adult-Use Recreational Cannabis to the Province of British Columbia**

---

**THC.CSE**

**THCBF - OTC**

**TFHC.F**

**Vancouver, British Columbia – (October 2, 2018)** THC BioMed Intl Ltd. (CSE: THC), (“THC” or the “Company”) is pleased to announce that the Company has made its first shipment of cannabis to the province of British Columbia

This marks a significant and fundamental change in our business operations.

Our high-grade Landrace strains have been selected for the recreational market and we promise products that will be effective and deliver the desired experience without the debilitating side effects commonly associated with cannabis. Our Landrace Strains will offer recreational adult users a product that is potent and consistent in its quality and effects.

Our brand names will be:

THC Sativa {Landrace Strain}

THC Indica {Landrace Strain}

THC Hybrid {Landrace Strain}

THC CBD {Landrace Strain}

These variety's will be available in Dried Bud, Cannabis oil and pre-rolled joints. We are currently working on having a Cannabis Beverage “THC Kiss” approved for release.

THC BioMed products will be available in British Columbia and Ontario initially and we have pending supply agreements with a Saskatoon retailer. We continue to work diligently to ensure our products are available to all adult recreational users from all provinces.

**About THC**

THC is an ACMPR Licensed Producer and Canada’s largest supplier of legal Cannabis Genetics. THC is on the leading edge of scientific research and the development of products and services related to the medical cannabis industry. Management believes THC is well-positioned to be in the forefront of this rapidly growing industry.

**Forward-Looking Information:**

This press release may include forward-looking information within the meaning of Canadian securities legislation, concerning the business of THC. Forward-looking information is based on certain key expectations and assumptions made by the management of THC. In some cases, you can identify forward-looking statements by the use of words such as “will,” “may,” “would,” “expect,” “intend,” “plan,” “seek,” “anticipate,” “believe,” “estimate,” “predict,” “potential,” “continue,” “likely,” “could” and variations of these terms and similar expressions, or the negative of these terms or similar expressions. Although THC believes that the expectations and assumptions on which such forward-looking information is based are reasonable, undue reliance should not be placed on the forward-looking information because THC can give no assurance that they will prove to be correct. Forward-looking statements contained in this press release are made as of the date of this press release and include that: (a) THC will be in the forefront of this rapidly growing industry.

THC disclaims any intent or obligation to update publicly any forward-looking information, whether as a result of new information, future events or results or otherwise, other than as required by applicable securities laws.
