UBIQUE MINERALS AND KAPUSKASING GOLD CORP AGREE ON LETTER OF INTENT FOR UBIQUE TO OPTION DANIEL'S HARBOUR NEWFOUNDLAND PROPERTY.

Toronto, Ontario, December 6th, 2018 – Ubique Minerals Limited (CSE:UBQ) (“Ubique”) and Kapuskasing Gold Corp. (TSX-V:KAP) (“Kapuskasing”) announce that they have signed a Letter of Intent which contemplates Kapuskasing granting Ubique an option to earn a 55% or greater interest in Kapuskasing’s Daniel’s Harbour property in western Newfoundland, which comprises 42 claim units covering an aggregate of 1,326 hectares, adjoining Ubique’s Daniel’s Harbour property to its west and making for a contiguous property area of more than 4,000 hectares.

The letter of intent provides the companies with a short time frame in which to complete due diligence and a definitive agreement. Pursuant to the letter of intent, Ubique would exercise the option by making the work and payment commitments as follows:

- On the date of signing of the definitive agreement, \$10,000 cash and 500,000 shares of Ubique;
- Prior to March 9, 2019, a minimum work expenditure of \$12,000 and file an assessment report;
- Prior to September 15, 2019, a minimum work expenditure of \$100,000 inclusive of the \$12,000 above;
- Prior to the 1 year from the definitive agreement date, \$10,000 in cash and an additional 300,000 common shares of Ubique;
- Prior to February 28, 2020, make a minimum additional work expenditure of \$200,000;
- Prior to the 2 years from the definitive agreement date issue, an additional 200,000 common shares of Ubique;
- Prior to February 28, 2021, a minimum additional work expenditure of \$300,000, which expenditures will include any payments and commitments needed to be made to the underlying vendors of the optioned property;
- Upon Ubique having made the above expenditures and payments; Ubique will have earned a 55% interest in the property. Ubique will be granted the option to earn an additional 15% interest in the property by spending an additional \$400,000 on exploration and paying the underlying vendors a cash payment of \$40,000 as required by the underlying agreement with the vendors.

Upon UBQ earning either a 55% or 70% interest in the property, the companies will form a joint venture to continue exploration or KAP may elect to grant UBQ the right to earn an additional 5% interest in the property for every additional work expenditure of \$100,00 to a limit of 95% ownership by UBQ at which time the agreement provides for KAP’s interest to be converted to a 2% Net Smelter Royalty (“NSR”).

UBQ will then have the right to buy back 1.75% of the NSR for \$2,000,000. The underlying vendors will be entitled to an NSR of 3% of which 2% may be repurchased for \$2,000,000. In addition, the underlying vendors may be entitled to a bonus payment in the event that the Operator delineates a National Instrument 43-101 compliant resource of a minimum of 5,000,000 tonnes of ore with a grade of at least 7% zinc.

The KAP property covers most of the area of the historic mining areas of the former Daniel's Harbour mine and, once the Definitive Agreement has been executed, UBQ intends to review all the relevant historic data relating to diamond drilling in the vicinity of the mined out areas to determine where and what potential exists for extensions of historically mined areas.

Ubique CEO Gerald Harper commented that "the company has had considerable success identifying extensions of historically mined areas on its own property and considers that some of the historically mined areas on the Kapuskasing property should have similar high potential and that with a combined exploration target area of more than 4,050 hectares the likelihood of defining a large enough resource for consideration of development has been significantly enhanced".

More information regarding Ubique's exploration activities and results will be found on their website at www.ubiqueminerals.com

About Ubique Minerals Limited.

Ubique Minerals Limited (CSE:UBQ) is a zinc exploration company listed on the CSE (CSE:UBQ). It has focused on exploration of its 100% owned Daniel's Harbour zinc property in Newfoundland, and was initially funded for two years by private equity including that from Greenbank Capital Inc (CSE:GBC and OTCMKTS:GRNBF and FRA:2TL). Ubique became a publicly listed company in September 2018. Ubique has undertaken one drilling program on its Daniel's Harbour zinc project in 2017 and two more drilling campaigns in 2018, all of which were successful in delineating zinc mineralization extending from the vicinity of former mine workings. Ubique has an experienced management group with a record of multiple discoveries of deposits worldwide, and owns an extensive and exclusive database of historic exploration results from the Daniel's Harbour area. For more information on Ubique please contact Gerald Harper, CEO, at (416) 232-9114 or by email gharper@ubiquezinc.com or see www.ubiqueminerals.com
