Report on Business

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

In February 2021 the Company continued with its post drill-program analysis and documentation. Assay results received were press released in a release on February 8th. Technical reports were filed with the Newfoundland Government.

The Company issued 200,000 common shares to Ophir Gold Corp., formerly MinKap Resources Inc., and prior thereto Kapuskasing Gold Corp. (TSX-V:OPHR) (“Ophir”), pursuant to its option agreement which provides for Ophir granting Ubique an option to earn a 55% or greater interest in Ophir’s Daniel’s Harbour property in western Newfoundland.

2. Describe and provide details of any new products or services developed or offered. For resource companies, provide details of new drilling, exploration or production programs and acquisitions of any new properties and attach any mineral or oil and gas or other reports required under Ontario securities law.

The Company received the results of analyses of soil samples collected on one of the eastern Mineral Licenses of Ubique’s Daniel’s Harbour, Newfoundland, property, during the 2020 fieldwork undertaken in October-November 2020. They extend and better define the size of the zinc soil anomalies identified in earlier sampling in 2018 and 2019. High zinc soil values in the northeast are open to extension and a gap in the sampling in the east central area shown on the map also reveals high zinc values that need further definition in subsequent fieldwork.

The area covered by sampling is approximately 2 x 2 kilometres and the area is 8 kilometres northeast of the area of the PE Zone diamond drilling reported by press release dated January 11th, 2021 and 12 kilometres northeast of the Ophir Gold Option diamond drilling reported by press release dated January 25th, 2021.

Maps showing the geochemistry of the region is provided in the press release and has also been posted on the Company website.

Describe and provide details of any products or services that were discontinued. For resource companies, provide details of any drilling, exploration or production programs that have been amended or abandoned.

Not applicable.

3. Describe any new business relationships entered into between the Issuer, the Issuer’s affiliates or third parties including contracts to supply products or services, joint venture agreements and licensing agreements etc. State whether the relationship is with a Related Person of the Issuer and provide details of the relationship.

Describe the expiry or termination of any contracts or agreements between the Issuer, the Issuer’s affiliates or third parties or cancellation of any financing arrangements that have been previously announced.

4. Describe any acquisitions by the Issuer or dispositions of the Issuer’s assets that occurred during the preceding month. Provide details of the nature of the assets acquired or disposed of and provide details of the consideration paid or payable together with a schedule of payments if applicable, and of any valuation.
