

VirtualArmour Finalizes USD\$1.5M Contract Renewal with Existing Client

VANCOUVER, British Columbia, Jan. 25, 2018 -- Premier Managed Services Provider, VirtualArmour International Inc. (the “**Company**”) (CSE:VAI) (3V3:F) (OTCQB:VTLR) announced today it had finalized a three year contract for the expansion of enterprise infrastructure management with an existing client in the global technology solution provider industry.

This expanded contract has a total value of USD\$1.5M over its term and its scope includes the security monitoring, investigation, response and triage for the company’s 80+ locations across nine countries.

“The focus on prevention is growing within our client base and our dedication to delivering a personalized service experience is what has allowed us to continue to grow and to retain our clients in a competitive marketplace,” said Kyle Duffy, VP of Customer Experience at VirtualArmour. “Being a trusted partner has become even more critical when the impact of a breach doesn’t just impact operations, but the brand and its balance sheet. We continue to focus on integrating with our clients at the deepest levels and assist them in adopting a true, company-wide security culture.”

Due to the sensitivities inherent within the industry, VirtualArmour’s policy is not to disclose specific client details in press releases.

About VirtualArmour

VirtualArmour is an global cybersecurity and Managed Services provider that delivers customized solutions to help businesses build, monitor, maintain and secure their networks.

The Company maintains 24/7 client monitoring and service management with specialist teams located in its US- and UK-based security operation centers (“SOC”). Through partnerships with best-in-class technology providers, VirtualArmour delivers only leading hardware and software solutions for customers that are both sophisticated and scalable, and backed by industry-leading customer service and experience. VirtualArmour’s proprietary CloudCastr client portal and prevention platform provides clients with unparalleled access to real-time reporting on threat levels, breach prevention and overall network security.

VirtualArmour services a wide range of clients - which include those listed on the Fortune 500 - within several industry sectors, in over 30 countries, across five continents.
