## **Versus Systems Powers HP's Real-World Rewards System**

*Versus Systems announces its patented WINFINITE technology will power OMEN Rewards within OMEN Command Center allowing PC gamers to play for real-world prizes*

**Los Angeles, CA, August 21, 2019 - Versus Systems Inc. ("Versus Systems" or the "Company") (CSE: VS) (OTCQB: VRSSF) (FRANKFURT: BMVA)** today announced its patented WINFINITE technology is powering OMEN Rewards, a real-world prizing platform built into OMEN Command Center and available for download by any Win10 PC via the Windows Store. OMEN Rewards will allow everyone running the OMEN Command Center app to play their favorite games for real-world prizes, gift cards, trips and experiences. The OMEN Rewards Beta is now available in the United States with plans to expand to other regions in the future.

OMEN Rewards is the result of a multi-year collaboration between HP and Versus Systems, a Los Angeles-based technology company that has integrated its patented WINFINITE platform into HP's OMEN Command Center.

"Challenges and the achievements that go with them have been a part of gaming as far back as getting a top-score at the arcade in the 70s," said Matthew Pierce, Founder and CEO of Versus Systems. "Through our WINFINITE technology, we are thrilled to be working with HP to provide gamers with all kinds of fun and interesting ways to earn amazing prizes while playing some of their favorite games."

### **About Versus Systems**

Versus Systems, Inc. has developed WINFINITE - a proprietary in-game prizing and promotions engine that allows game publishers and developers to offer in-game prizing across various platforms including mobile, console, PC games, and streaming media. Brands pay to place products in-game via WINFINITE, and gamers compete for those prizes. For more information, please visit [www.versussystems.com](http://www.versussystems.com).
