

## FORM 7

### MONTHLY PROGRESS REPORT

Name of Listed Issuer: Waverunner Capital Inc. (the "Issuer" or the "Company").

Trading Symbol: WRUN

Number of Outstanding Listed Securities: 9,861,555 common shares

Date: as of April 30, 2026

This Monthly Progress Report must be posted before the opening of trading on the fifth trading day of each month. This report is not intended to replace the Issuer's obligation to separately report material information forthwith upon the information becoming known to management or to post the forms required by Exchange Policies. If material information became known and was reported during the preceding month to which this report relates, this report should refer to the material information, the news release date and the posting date on the Exchange website.

This report is intended to keep investors and the market informed of the Issuer's ongoing business and management activities that occurred during the preceding month. Do not discuss goals or future plans unless they have crystallized to the point that they are "material information" as defined in the Policies. The discussion in this report must be factual, balanced and non-promotional.

#### **General Instructions**

- (a) Prepare this Monthly Progress Report using the format set out below. The sequence of questions must not be altered, nor should questions be omitted or left unanswered. The answers to the items must be in narrative form. State when the answer to any item is negative or not applicable to the Issuer. The title to each item must precede the answer.
- (b) The term "Issuer" includes the Issuer and any of its subsidiaries.
- (c) Terms used and not defined in this form are defined or interpreted in Policy 1 – Interpretation and General Provisions.

#### **Report on Business**

1. Provide a general overview and discussion of the development of the Issuer's business and operations over the previous month. Where the Issuer was inactive disclose this fact.

*During the month of April 2026, the Issuer continued to monitor its investment holdings and seek new investment opportunities. Over the next 12 months, the Company will continue to monitor its current investment portfolio and evaluate whether the Company's investee companies should continue to be held in whole*

or in part or be divested of. The Company also has maintained diligent oversight of the developments of investees Immunoflex, Revolve, and FUEL. The Company has been advised that long-term prospects for Immunoflex are not encouraging – and management of that company have now completed a wind-up of its affairs and dissolved that company.

The completion of the previously announced non-brokered private placement in December has allowed the Company to enhance working capital, resolve outstanding payables (including related party obligations) and drive future business initiatives. The closing of this financing marked a significant milestone for Waverunner Capital as it emerges from a period of restructuring and positions itself for renewed growth.

The Company has learned that FUEL has had its common shares delisted from the CSE due to the continuation of cease trade orders issued by the Ontario Securities Commission. The prospects of the Company receiving a return of any kind for its \$78,978 FUEL investment are very remote.

To date, the Company has generated no revenues from operations and will require additional funds to meet ongoing obligations and investment objectives. These conditions indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern.

Under the Company's Investment Policy, as amended October 2020, the Company is a publicly traded venture capital investment company whose strategy is to focus on opportunistic investments across a broad range of industries, and is seeking to invest in early stage, promising companies where it may be the lead investor and can additionally provide investees with advisory services, mentoring and access to the Company's management expertise. The Company operates as an investment company, rather than an investment fund. The Company seeks to invest wherever practicable for the purpose of being actively involved in the management of any target company in which it invests, including seeking board representation or board observation rights.

As working capital permits, the Company intends to accomplish these goals through the identification of and investment in securities of private and publicly listed entities that are involved in a variety of industries, including, but not limited to, opportunities in the technology, health care, biotechnology, medical technology or related consumer products fields.

The Company anticipates re-investing any profits realized from its investments to further the growth and development of the Company's investment portfolio. The declaration and payment of dividends to shareholders will become a priority once Company has achieved steady or continuous cash flow from its investments.
