FOR IMMEDIATE RELEASE

CADMAN SIGNS LOI FOR NEW GRAPHITE PROJECT

January 14, 2013 – Toronto, Ontario – Cadman Resources Inc. (CUZ) (“Cadman” or the “Company”) is pleased to announce that the Company has entered into a Letter of Intent (“LOI”) to acquire 100% of new graphite project in north west Nevada. The Company has signed an LOI with a private Nevada corporation to acquire a 100% interest in a project known as the Grumpy Lizard property (the “Property”) which is comprised of 56 claims. The company intends to sign a definitive binding agreement with respect to the Grumpy Lizard shortly and will begin immediate due diligence investigation on the project. Terms of the final agreement are to be announced.

The Property

The Grumpy Lizard graphite property is comprised of 56 claims for a total of 1120 acres. Recent reconnaissance prospecting in the claims area carried out by Gold Exploration Management Services Inc. observed occurrences of large flake graphite exposed at surface. The local terrain is mountainous with very little vegetation due to the arid climate and elevation. The numerous exposed outcroppings observed suggest rock bodies of greater than 10 meter widths which may run for several kilometres within a much more extensive prospective area which is part of ongoing investigations. The current investigations are preliminary and do not conform to the requirements of National Instrument 43-101 and should not be relied upon as an indicator of actual resource or reserve estimates, and should be construed only as conceptual in nature.

About Cadman

Cadman is a junior exploration company with projects in Quebec and Tanzania. Cadman trades on the CSE under the symbol CUZ. For more information please visit the web site at cadmanresourcesinc.com
