West Point Lists on the CSE under the Symbol “BLO”.

Vancouver, British Columbia, June 25, 2014: West Point Resources Inc. (CSE: BLO) (the “Company”) announces the Canadian Securities Exchange (CSE) has approved the listing of West Point Resources Inc.’s common shares on the CSE. The company will begin trading on the CSE at the open on Thursday, June 26, 2014, under the symbol "BLO".

On June 16, 2014, West Point announced it had entered into a definitive agreement with Cannabix Breathalyzer Inc. to license the North American rights to the Cannabix marijuana breathalyzer. The company’s private placement announced on May 15, 2014 has been oversubscribed and is expected to close shortly.

Kal Malhi, President of West Point states, “We have been pleased with the tremendous support West Point has received in the media and from investors in funding this exciting marijuana breath testing technology”.

West Point is the developer of the Cannabix marijuana breathalyzer for law enforcement. The Cannabix marijuana breathalyzer provides rapid detection of THC and can be used roadside to identify drivers intoxicated by the use of marijuana. The device can also be useful for other practical applications such as testing employees in the workplace where intoxication by THC can be hazardous.

West Point Resources will be applying for a listing of its shares for trading on the U.S. OTC markets. The Company will provide further updates in due course.

We seek Safe Harbor.

On behalf of the Board of Directors

“Rav Mlait”

CEO
West Point Resources Inc.
