DEER HORN COMPLETES PURCHASE OF MEDICAL MARIJUANA-RELATED BUSINESS ASSETS

Vancouver, BC, Canada, January 8, 2015, Deer Horn Capital Inc. (the “Company” or “Deer Horn”) announces that further to its news releases of November 28, 2014 and December 23, 2014, it has completed that acquisition of the business assets owned by a private company, which assets include leased premises which are currently sub-leased to various individuals for the purpose of producing medical marijuana under 8 MMAR production licenses. Additional assets acquired included the corresponding consulting business of the private company, the principal of whom is engaged by various clients to provide information and guidance with respect to the cultivation of various strains of medical marijuana plants.

As previously announced, due to the current market conditions in the resource sector, although the Company intends to maintain its current resource portfolio, management has also been evaluating new projects that have the potential to bring cash flow to the Company and to enhance shareholder value. The above-noted acquisition is one of a number of potential projects that management is currently assessing, however, there are no assurances that any of the other businesses, properties and assets under review will meet management’s criteria for potential acquisitions or that they can be acquired on terms acceptable to the Company. The Company will provide shareholders with updates on the status of the other opportunities if and when material information becomes available.

On behalf of the board of directors of
Deer Horn Capital Inc.

Tyrone Docherty
President and CEO
