RESAAS Welcomes Morris Williams Realty to The Real Estate Social Network™

VANCOUVER, B.C. (March 9, 2015) – RESAAS Services Inc. (CSE: RSS), The Real Estate Social Network™, is pleased to welcome [Morris Williams Realty](#) to the [RESAAS Platform](#).

Morris Williams Realty is a state-of-the art real estate company that operates in California, Texas and Florida. Their expert agents have an average of ten years experience and are highly trained to assist buyers and sellers of all types of real estate to ensure a smooth and expedient transaction.

“We understand that in today’s real estate market the majority of home searches start online, which is why it has become increasingly important to maintain a strong online presence and take advantage of the networking opportunities that social media facilitates,” said Steven Morris, President and Owner of Morris Williams Realty. “By bringing our agents onto RESAAS, it will allow them to network with agents in their local area, across the United States, and around the globe in order to generate business and conduct referrals.”

When using RESAAS, each agent will receive his or her own social profile and will be connected together privately to leverage the power of social networking to easily share activity within their firm.

“It has been a pleasure to work with Morris Williams Realty,” said Padraig Cullen, VP of Sales at RESAAS. “All Morris William Realty agents will be able to connect their Facebook, LinkedIn and Twitter accounts to their RESAAS profiles, allowing them to expand the reach of their content, get more eyes on their inventory and generate more leads through social networking.”
