Notes to Consolidated Statements
June 30, 2015
(Expressed in Canadian dollars)

1. NATURE OF OPERATIONS AND GOING CONCERN

Network Life Sciences Inc. (formerly Network Oncology Inc.) ("NOI", or the "Company"), was incorporated under the Business Corporations Act (British Columbia) on September 19, 2013 and operates from its registered head office located at Suite 500 - 900 West Hastings Street, Vancouver, British Columbia. The Company underwent a name change on June 22, 2015 and was previously known as Network Oncology Inc. Previous to this, the Company had its name changed from Organach Beverage Acquisition Corp. to Network Oncology Inc. on August 12, 2014. On January 15, 2015, the Company was approved for listing on the Canadian Securities Exchange and trades under the stock symbol "NOI". The address of the registered office is Suite 500, 900 West Hastings Street, Vancouver, British Columbia, V6C 1E5, Canada.

The Company was initially formed as a subsidiary of Web Watcher Systems Ltd. ("Web Watcher") for the purpose of developing the letter of intent with WULU Beverage Co. ("WULU") dated June 27, 2013 to distribute quality organic and fair trade coffees, glacier drinking water, and carbonated water manufactured by WULU. The Company entered into a Plan of Arrangement (the "Plan of Arrangement") with Web Watcher Systems and WULU dated October 23, 2013. This Letter of Intent was cancelled by WULU on March 21, 2014 (see also Note 4).

On May 12, 2014, the Company entered into a Supply Agreement Sale and Assignment (the "Acquisition Agreement") with Resolute Oncology Limited ("ROL"), an Ireland company. The Company is now in the process of commencing operations as an emerging specialty pharmaceutical company working with ROL's core portfolio of oncology-targeted generic pharmaceuticals, which address a market comprised of up to 50% of new cancer patients in the European Union. The Company intends to focus on the acquisition and commercialization of proven, and thus low-risk, generic pharmaceutical oncology based products that provide a cost effective response to unmet needs in the market, specifically Germany and other major European countries, with possible expansion to the United States (see also Note 4).

These consolidated financial statements have been prepared on the basis of accounting principles applicable to a going concern which assumes the Company will be able to realize its assets and discharge its liabilities in the normal course of business rather than through a process of forced liquidation. The Company's continuing operations, as intended, and its financial success may be dependent upon the extent to which it can successfully raise the capital to complete the Acquisition Agreement and subsequently carry out its business plan. If the Company is unable to fund its future plan, its business, financial condition or results of operations could be materially and adversely affected. The success of the Company depends on its ability to profitably penetrate its target market with its new products on a sustainable basis. The Company has never generated revenue, cash flows or profits from operations.

The Company's ability to launch its operations as intended is dependent on its ability to generate revenue and raise capital sufficient to cover its marketing and other costs. All of these factors raise significant doubt about the Company's ability to continue as a going concern. These consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded assets and liabilities that might be necessary should the Company be unable to continue in existence.

2. BASIS OF PRESENTATION

These consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”), as issued by the International Accounting Standards Board (“IASB”).

These consolidated financial statements are presented in Canadian dollars, which is the Company’s reporting and functional currency. The functional currency of the Company’s wholly-owned subsidiary Emerald Oncology Limited is the EURO(€). These consolidated financial statements are prepared on a historical cost basis except for financial instruments classified as at fair value through profit or loss (“FVTPL”) as described at Note 3 of the December 31, 2014 audited financial statements, which are stated at their fair value. In addition, these consolidated financial statements have been prepared using the accrual basis of accounting, except for cash flow information.

Statement of compliance with International Financial Reporting Standards

The financial statements of the Company comply with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”) and interpretations of the International Financial Reporting Interpretations Committee (“IFRIC”).

Basis of consolidation

The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiary Emerald Oncology Limited which was incorporated on September 29, 2014 in the jurisdiction of Ireland. Inter-company balances and transactions, including unrealized income and expenses arising from inter-company transactions, are eliminated in preparing the consolidated financial statements.

3. FUTURE CHANGES IN ACCOUNTING POLICIES

Future changes in accounting policies

A number of new standards, and amendments to standards and interpretations, are not yet effective for the year ended at December 31, 2014, and have not been applied in preparing these financial statements. The following standards and interpretations have been issued by the IASB and the IFRIC effective for annual periods beginning on or after January 1, 2015:

IAS 32 - Financial Instruments: Presentation

In December 2011, the IASB issued an amendment to clarify the meaning of the offsetting criterion and the principle behind net settlement, including identifying when some gross settlement systems may be considered equivalent to net settlement. Earlier application is permitted when applied with corresponding amendment to IFRS 7.

IAS 36 – Impairment of Assets

In May 2013, the IASB, as a consequential amendment to IFRS 13 *Fair Value Measurement*, modified some of the disclosure requirements in IAS 36 regarding measurement of the recoverable amount of impaired assets. The amendments resulted from the IASB’s decision in December 2010 to require additional disclosures about the measurement of impaired assets (or a group of assets) with a recoverable amount based on fair value less costs of disposal.

IFRIC 21 – Levies

IFRIC 21 provides guidance on when to recognize a liability for a levy imposed by a government, both for levies that are accounted for in accordance with IAS 37 *Provisions, Contingent Liabilities and*

Notes to Consolidated Statements

(Expressed in Canadian dollars)

3. SIGNIFICANT ACCOUNTING POLICIES (continued)

Contingent Assets and those where the timing and amount of the levy is certain.

The following standard will be effective for annual periods beginning on or after January 1, 2017:
IAS 1 – Presentation of Financial Statements

In December 2014, the IASB issued an amendment to address perceived impediments to preparers exercising their judgment in presenting their financial reports. The changes clarify that materiality considerations apply to all parts of the financial statements and the aggregation and disaggregation of line items within the financial statements.

IFRS 15 - Revenue from contracts with customers

IFRS 15 deals with revenue recognition and establishes principles for reporting useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flows arising from an entity's contracts with customers. Revenue is recognized when a customer obtains control of a good or service and thus has the ability to direct the use and obtain the benefits from the good or service. The standard replaces IAS 18 'Revenue' and IAS 11 'Construction contracts' and related interpretations.

IAS 16 – Property, Plant and Equipment and *IAS 38 – Intangible Assets*

In May 2014, the IASB issued amendments to IAS 16 Property, Plant and Equipment and IAS 38 Intangible Assets. The amendments clarify that the use of revenue-based methods to calculate the depreciation of an asset is not appropriate because revenue generated by an activity that includes the use of an asset generally reflects factors other than the consumption of the economic benefits embodied in the asset. The amendments also clarify that revenue is generally presumed to be an inappropriate basis for measuring the consumption of the economic benefits embodied in an intangible asset. This presumption, however, can be rebutted in certain limited circumstances.

The following standard will be effective for annual period beginning on or after January 1, 2019:

IFRS 9 – Financial Instruments

IFRS 9 includes requirements for recognition and measurement, derecognition and hedge accounting. IFRS 9 was originally issued on November 2009, reissued in October 2010, and then amended in November 2013. The IASB is adding to the standard as it completes the various phases of its comprehensive project on financial instruments, and so it will eventually form a complete replacement for IAS 39 Financial Instruments: Recognition and Measurement.

In July 2014, the IASB published the final version of IFRS 9 bringing together the classification and measurement, impairment and hedge accounting phases of the IASB project to replace IAS 39. This version adds a new expected loss impairment model and limited amendments to classification and measurement of financial assets. IFRS 9 is effective for periods beginning on or after May 1, 2018.

The extent of the impact of adoption of these standards and interpretations on the consolidated financial statements of the Company has not been determined.

4. CORPORATE RESTRUCTURING AND COMMITMENTS

According to the Plan of Arrangement as described in Note 1, the Company is required to issue 4,801,233 common shares (pre-stock split) to shareholders of Web Watcher ("Distributed Shares"). The Plan of Arrangement was approved by Web Watcher's shareholders on December

4. CORPORATE RESTRUCTURING AND COMMITMENTS (continued)

19, 2013 and by the Supreme Court of British Columbia on January 7, 2014. Subsequent to the year end, the Company issued 12,003,082 common shares after the effect of the stock split on July 11, 2014.

On May 12, 2014, the Company entered into an Acquisition Agreement with ROL for an asset acquisition whereby certain assets were acquired in exchange for \$50,000 in cash (paid in April

2014), issuance of 5,000,000 common shares, payment of 3% net sales royalty and continued fund raising as part of the private placement. On July 31, 2014, the Acquisition Agreement was amended to change the closing date to the date that the shares of the Company are approved for trading on the Canadian Stock Exchange and increased the number of shares to be issued to 5,666,667 common shares (post-stock split) (issued in January 2015). In addition the Company had advanced \$125,000 to ROL as of December 31, 2014. The assets to be acquired by the Company under the Acquisition Agreement comprise the following material agreements:

1. Agreement on Sale and Purchase of Dossier for Docetaxel between AqVida GmbH of Hamburg, Germany and ROL, dated June 6, 2013. Pursuant to the agreement, AqVida GmbH granted to ROL and its affiliates the non-exclusive right to use dossier and know-how associated with Docetaxel concentrate, to obtain marketing authorizations and to sell products in Germany, France, the United Kingdom, Spain, Italy, the Netherlands, Belgium, Austria, Switzerland, Sweden, Denmark, Finland, and Norway. The purchase price is EUR70,000 for marketing authorizations in Germany, and EUR10,000 for every other country, payable in the following installments:

- (i) EUR35,000 after signing the binding term sheet (signed and not paid by ROL);
- (ii) EUR35,000 after replying to a deficiency letter and restarting the procedure (not paid by ROL);
- (iii) EUR10,000 upon receipt of marketing authorizations in each further country in the territory.

In addition, the Company is also responsible for all the fees charged by the Governmental or Regulatory Authorities related to obtaining the marketing authorizations.

2. Agreement on Sale and Purchase of Dossier for Paclitaxel, dated February 22, 2013, between AqVida GmbH of Hamburg, Germany and ROL and Resolute Oncology Inc. ("ROI"), the parent company of ROL, incorporated in Nevada, the United States of America. Pursuant to the agreement, AqVida GmbH granted to ROL and ROI the non-exclusive right to use the dossier and know-how associated with Paclitaxel concentrate, to obtain marketing authorizations and to sell products in Germany, France, the United Kingdom, Spain, Republic of Ireland, Italy, the Netherlands, Belgium, Austria, Switzerland, Sweden, Denmark, Finland, and Norway. The purchase price is EUR70,000 for marketing authorizations in Germany, and EUR10,000 for every other country, payable in the following installments:

- (i) EUR35,000 after signing the binding term sheet (signed) (paid by ROL);
- (ii) EUR35,000 after transferring the German marketing authorization in the name of ROI (paid by ROL);
- (iii) EUR10,000 upon receipt of marketing authorizations in each further country in the territory.

In addition, the Company is also responsible for all the fees charged by the Governmental or Regulatory Authorities related to obtaining the marketing authorizations.

3. Agreement on Sale and Purchase of Dossier for Oxaliplatin between AqVida GmbH of Hamburg, Germany and ROL and ROI, dated March 28, 2013. Pursuant to the agreement, Aqvida GmbH granted to ROL and ROI the non-exclusive right to use the dossier and know-how associated with Oxaliplatin concentrate, to obtain marketing authorizations and to sell products in Germany, France, the United Kingdom, Spain, Republic of Ireland, Italy, the Netherlands, Belgium, Austria, Switzerland, Sweden, Denmark, Finland, and Norway. The
- a. purchase price is EUR50,000 for the marketing authorization in Germany, and EUR 10,000 for every other country, payable in the following installments:
 - (i) EUR50,000 upon transfer of the German marketing authorizations in the name of Resolute or its affiliates (paid by ROL);
 - (ii) EUR10,000 upon receipt of a marketing authorization in each further country in the territory.

In addition, the Company is also responsible for all the fees charged by the Governmental or Regulatory Authorities related to obtaining the marketing authorizations.

4. Principal Agreement between Neogen Developments N.V. ("Neogen") of Anderlecht, Belgium and ROL, dated March 20, 2013. Pursuant to the agreement, Neogen granted ROL a personal, non-exclusive, and non-transferable right to use registration documentation for zoledronic acid 4 mg/5 ml vial and zoledronic acid 4 mg/100 ml to obtain one marketing authorization in Spain, the United Kingdom, Germany, and Italy and two marketing authorizations in France, for the purpose of selling, marketing, and distributing the products in the territory. The initial term of this agreement is 5 years. Upon expiry of the initial term, the agreement will automatically extend for consecutive periods of 2 years.

ROL has the right to convert the license to an exclusive license in Spain, the United Kingdom, France, and Germany within six months of signing the agreement by matching any offer made by a third party for a license in that country within seven days of being notified by Neogen or by paying an additional EUR39,000, whichever is higher. For Italy, ROL has the option of converting the license to a semi-exclusive license (two parties) within six months of signing the agreement by matching any offer made by a third party for a license in that country within seven days of being notified by Neogen or by paying an additional EUR39,000, whichever is higher.

On February 11, 2015 the Principal Agreement between Neogen and ROL was amended such that that the rights on the registration documents will be limited to the 4 mg/5 ml product and to Germany only. All other rights will be transferred back to Neogen. In addition, the total amount to be paid for 4 mg/5 ml product would be to as follows:

- (i) EUR 145,000 in relation to this agreement covering milestones, service charges as well as fees paid to regulatory authorities;
- (ii) An amount of EUR 186,500 in relation to the purchase orders.

The amended agreement indicated ROL will pay only EUR 150,000 by monthly installments of EUR 10,000 each month with the first payment due on February 15, 2015 (paid). Prior to December 31, 2014, ROL has paid EUR 50,000 to Neogen. In any event any payment is missed, Neogen shall be entitled to initiate proceedings for the overall debt of EUR 331,500 less the payments which have been made.

4. CORPORATE RESTRUCTURING AND COMMITMENTS (continued)

On March 19, 2015 the Company signed a letter of guarantee for the repayment of the outstanding balance payable on this agreement by ROL. EUR 130,000 remains unpaid at June 30, 2015 and is included in accounts payable.

5. Three year Service Agreement between World Medical Care GmbH & Co (“WMC”) KG of Hamburg, Germany and ROL, dated March 20, 2014. Pursuant to the agreement, WMC will exclusively sell and distribute ROL products.

On August 15, 2014, ROL terminated the service agreement.

bioLytical Laboratories Inc. Licensing Agreement

Separate from the ROI acquisitions, a twenty year license agreement between the Company and bioLytical Laboratories Inc. (“bioLytical”) for an exclusive worldwide license for a rapid Ebola testing kit was agreed upon. The Company agreed to pay a non-refundable sum of \$250,000 (not paid) in cash and issue 5,000,000 common shares (issued) at a deemed price of \$0.10 per share to bioLytical to acquire this product. After commercialization is complete, a 9% royalty on net sales will also be paid to bioLytical in perpetuity for the license term.

7. SHARE CAPITAL (continued)

(c) Warrants:

As part of the January 8, 2015 private placement, the Company granted 4,166,667 share purchase warrants exercisable at \$0.15 per share. These warrants expire on January 8, 2016.

8. CAPITAL DISCLOSURES

The Company's objectives when managing capital are to safeguard its ability to continue as a going concern, so that it can provide returns for shareholders and benefits for other stakeholders. The Company considers the items included in shareholders' equity as capital. The Company manages the capital structure and makes adjustments to it in response to changes in economic conditions and the risk characteristics of the underlying assets. The Company's primary objective with respect to its capital management is to ensure that it has sufficient cash resources to fund the operation of the Company. To secure the additional capital necessary to pursue these plans, the Company intends to raise additional funds through equity or debt financing. The Company is not subject to any capital requirements imposed by a regulator.

Management of Industry and Financial Risk

The Company is engaged primarily in the sales and distribution of approved drugs and manages related industry risk issues directly. The Company may be at risk for regulatory issues and fluctuations in exchange rates.

The Company's financial instruments are exposed to certain financial risks, which include the following:

Credit risk

Credit risk is the risk of loss due to the counterparty's inability to meet its obligations. The Company's exposure to credit risk is on its cash and other receivables. Risk associated with cash is managed through the use of major banks which are high credit quality financial institutions as determined by rating agencies. Other receivables comprise refundable sales tax credits from the Canadian federal government.

9. FINANCIAL INSTRUMENTS (continued)

Liquidity risk is the risk that the Company will encounter difficulties in meeting obligations when they become due. The Company ensures that there is sufficient capital in order to meet short-term operating requirements, after taking into account the Company's holdings of cash.

Foreign exchange risk

Foreign currency risk is the risk that the fair values of future cash flows of a financial instrument will fluctuate because they are denominated in currencies that differ from the respective functional currency.

Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is not exposed to significant interest rate risk.

Capital management

The Company's policy is to maintain a strong capital base so as to maintain investor and creditor confidence and to sustain future development of the business. The capital structure of the Company consists of equity, net of cash and cash equivalents. There were no changes in the Company's approach to capital management during the year. The Company is not subject to any externally imposed capital requirements.
