UMBRAL NEGOTIATES FOR PROPERTY FOR AN I-502 COMPLIANT TURN-KEY FACILITY

Vancouver, B.C., November 2nd, 2015 – UMBRAL ENERGY CORP. (CSE: UMB) (OTCQB: UMBBF) (the “Company” or “Umbral”) announces that Umbral Energy, LLC (State of Washington, limited liability company formed August 25, 2015), has entered into negotiations with a private Washington State company to lease with an option to purchase a commercially zoned 15 acre property, including a 25,000 square feet indoor space. The property has 3 phase power and sufficient water for the establishment of an indoor growing / processing operation.

The Licence Applicant has requested that the indoor space be fitted with an Extraction Unit, which will allow for the License Applicant to extract cannabis concentrates (oils & edibles). In addition the building will be purpose built to allow for year round growing allowing for the required control of medicinal plants.

Jag Bal, President of Umbral commented, " Umbral has identified this property for the building of a turn-key facility that will allow License Applicants to produce and process marijuana product. In addition, the company is in discussion with retail operators to set up a retail outlet on the property. The Company is also evaluating additional opportunities throughout the United States where legislation has legalized marijuana for recreational use to leverage its business experience."

About the Washington Recreational Marijuana Market

In November 2012, the WSLCB passed Initiative 502 (“I-502”) pursuant to a vote by the people of the State of Washington. I-502 authorized the WSLCB to regulate and tax recreational marijuana products for persons over twenty-one years of age and thereby created a new industry for the growing, processing and selling of Washington State-regulated recreational marijuana products. A recent WSLCB commissioned report by the Rand organization suggests that there are currently up to 650,000 recreational marijuana users in Washington State, worth approximately \$1.25 - \$1.5 Billion USD in annual sales.

About Umbral Energy Corp.

The Company is currently listed as a junior resource issuer having mineral exploration projects. The Company is considering other activities to increase shareholder value, including non-resource projects. The Company is conducting diligence in regards to the commercial cultivation of marijuana under the newly established Health Canada regulations pertaining to the cultivation of marijuana for medical purposes. MMPR license with Health Canada, through its subsidiary PhyeinMed and should it's application be granted an initial approval from Health Canada, it will proceed with closing the acquisition of a 10,500 sq. ft. facility on 13 acres, which it has an agreement to purchase. This approval will allow them to execute their security plan as well as developing the growing, storage and distribution area.

While it is the intention of Umbral and PhyeinMed to obtain a MMPR License, there can be no assurances that it will receive the necessary permits to operate. Any MMPR applicant, including PhyeinMed, will not be able to legally grow or sell medical marijuana without a license from Health Canada. In addition the Company has a mineral exploration property in Quebec, Canada as well as an interest in oil and gas properties in Alberta, Canada.
