Axios Receives \$3 Million Loan from Export Development Canada

Mississauga, Ontario, December 2, 2015 – Axios Mobile Assets (CSE:AXA; OTCQB:AXBSF) (“Axios” or the “Company”) announced today that it has secured a loan in the amount of \$3 million from Export Development Canada (EDC). Proceeds will be used in part to help fund production of the Company’s sensor-equipped pallets at its manufacturing facility in Guelph, Ontario and to repay approximately \$2 million of indebtedness, which repayment was made immediately following closing of the loan.

“Axios does a substantial amount of export business and that made us a good fit with EDC,” said Richard MacDonald, President and CEO of Axios Mobile Assets. “Having the right balance of debt and equity financing is important and we are thankful for EDC’s support.”

The three-year loan carries an interest rate equal to the Canadian prime lending rate plus 8%.

Export Development Canada is Canada’s trade finance agency, providing financing and insurance solutions locally and around the world to help Canadian companies respond to international business opportunities.
