## **Auxellence Receives Notice of Default and Demand for Payment**

VANCOUVER, BC, Friday, February 19, 2016 – Auxellence Health Corporation (CSE:AID, OTCQB: AXHLF) “Auxellence” or the “Company” reports that it has received today, from its operator, manufacturer and research and development firm, a Notice of Default and Demand for Payment for the Company’s failure to meet and maintain certain financial obligations related to its General Service Agreement (GSA). Due to the material shortfall that has been building up a Notice of Default was received by the Company for all outstanding amounts totaling approximately \$826,210 under the terms of the GSA. If the shortfall is not addressed by February 24<sup>th</sup>, 2016, termination of the GSA would result. The company’s management has been actively seeking and is currently evaluating various options which include, but are not limited to raising additional funds from debt or equity, looking for a strategic partner, selling assets and working with the operator to facilitate a resolution or settlement.

**About Tulip™**

TULIP™ is a medical device cleared for sales in Canada and Europe as a blood pressure monitor with interactive protocols. The device enables physiologically interactive health apps useful in testing, tracking, and treating common health conditions. The online system is aimed primarily at “practicing patients” interested in normalizing blood pressure, blood glucose, and body weight. Session schedules, measurement procedures, and conditioning protocols are prescribed automatically by the system from extemporaneous data acquired from the user.

**About Auxellence Health Corporation (CSE: AID, OTCQB: AXHLF)**

Auxellence is a technology company engaged in the provision of medical monitoring, diagnostics, therapeutics and biomedical online services for common health problems. The company offers an extensive platform for physiologically interactive computing supporting therapeutic-diagnostic (theranostic) devices, expert systems, and recommender applications for personal health management. The initial focus is on weight management and skin conditions.

**Disclaimer for Forward-Looking Information**

Statements in this press release regarding the Company which are not historical facts are “forward-looking statements” that involve risks and uncertainties. Such information can generally be identified by the use of forwarding-looking wording such as “may”, “will”, “expect”, “estimate”, “anticipate”, “intend”, “believe” and “continue” or the negative thereof or similar variations. Since forward-looking statements address future events and conditions, by their very nature they involve inherent risks and uncertainties. Actual results could differ materially from those currently anticipated in such statements due to factors. The Company does not intend to update any changes to such statements, except as required by law. Although Management believes that the expectations represented in such forward-looking statements are reasonable, there can be no assurance that such expectations will prove to be correct. This news release does not constitute an offer to sell or solicitation of an offer to buy any of the securities described herein and accordingly undue reliance should not be put on such. Neither Canadian Securities Exchange nor its Regulation Services Provider (as that term is defined in the policies of the CSE) accepts responsibility for the adequacy or accuracy of this release. We seek safe harbour.
