### **Ateba Completes Private Placement**

**Toronto, Ontario, August 24, 2011 – Ateba Resources Inc. (the “Company”) (CNSX:ATR)** is pleased to announce that it has closed a non-brokered private placement financing (the “**Offering**”) for aggregate gross proceeds of \$750,000.

The Company issued an aggregate of 6,250,000 flow-through units (“**FT Units**”) at a price of \$0.12 per FT Unit. Each FT Unit consists of one common share in the capital of the Company issued on a “flow-through” basis (an “**FT Share**”) and one-half of one common share purchase warrant (each whole common share purchase warrant, a “**Warrant**”). Each Warrant entitles the holder thereof to purchase one common share (a “**Common Share**”) in the capital of the Company for a period of twelve (12) months from the date of closing of the Offering at a price of CDN \$0.20 per Common Share, provided that if, at any time after the date of issuance of such Warrant, the Common Shares trade on a stock exchange at a price of \$0.30 per Common Share or greater for a period of twenty (20) consecutive trading days, the Company may accelerate the expiry date of the Warrants by giving notice to the holders thereof and in such case the Warrants will expire on the 30<sup>th</sup> day after the date on which such notice is given by the Company.

The Company paid an aggregate total of \$45,000 as finder’s fees, and issued 375,000 broker warrants (“**Broker Warrants**”). Each Broker Warrant entitles the holder thereof to purchase one Common Share for a period of 12 months from the closing of the Offering at a price of \$0.12 per Common Share.

The securities issued pursuant to the Offering are subject to a four-month hold period. The Offering is subject to certain conditions including, but not limited to, the receipt of all necessary approvals including the approval of the Canadian National Stock Exchange (the “**CNSX**”).

The proceeds from the sale of the FT Units will be used to explore the Canadian properties of the Company and other mineral properties in Canada.

#### **About Ateba Resources**

Ateba Resources is a mineral exploration company that is focused on exploring for gold along the Larder - Cadillac Break. The Company’s flagship project encompasses the highly prospective

Walsh Katrine, Copper King and Kerr North gold properties that are now contiguous to Queenston's Upper Beaver Property. The project extends 15 km toward the Quebec border and is accessible year round by road. In addition, the Company also has a uranium property in Elliot Lake on which there is a historic uranium resource of 12 million pounds of U<sub>3</sub>O<sub>8</sub>. The property is contiguous to the Pele Mountain Eco Ridge property where significant assays for total rare earth oxides (TREO's) have been reported.

The CNSX does not accept responsibility for the adequacy or accuracy of this press release.
