EASYMED SERVICES INC. DEVELOPS INNOVATIVE SERVICE FEATURES AVAILABLE ON BOTH SMARTPHONES AND ITS WEB APPLICATION

TORONTO, ONTARIO – (Oct. 1st, 2010) –EasyMed Services Inc. (CNSX:EZM) (“EasyMed” or the “Company”) is pleased to announce the in-house development of a proprietary software that utilizes a database which detects dangerous drug interactions.

The EasyMed drug interaction database covers over 3’000 common drugs which can be utilized by EasyMed subscribers to help prevent the use of potentially dangerous medication mixes or to alert the user of a medication that could be potentially harmful to the individual’s specific health condition. This feature is now available on Smartphones and on EasyMedMobile.com.

In addition to the drug interaction database, EasyMed is in the final phase of developing a unique and innovative health-related tool to assist travelers with cross-boarder translation of drug tradenames. This service is expected to be released before the end of the year.

EasyMed CEO – Dr Carmelo Bisognano states, “These services are the fruit of many years of development. The potential impact on medication use globally cannot be underestimated. These innovative services are another example of how EasyMed is empowering individuals to take control of their own health.”

EasyMed Services Inc. is a Medical and Health Technology Services Company based on an Internet and Mobile phone platform offering a range of services and applications for individuals, families, medical and health care professionals, pharmaceutical manufacturers, insurance companies and complimentary service providers.
