EASYMED SERVICES INC ANNOUNCES PRODUCT LINE UPGRADE AND NEW WEBSITE

TORONTO, ONTARIO – (June 1, 2011) – EasyMed Services Inc. (CNSX: EZM) (“EasyMed” or the “Company”) is pleased to announce a significant upgrade to its EasyMedMobile technology platform. This improved platform represents the core of the Company's new product offering for both patients and caregivers.

This new version includes:

- Improved interoperability with Healthcare Information Systems using HL7 V2.x,
- Enhanced two-way message management with significant improvement of load capacity and traceability of messages,
- Customizable patient and caregivers portals,
- Significant enhancement of user interfaces and compatibility with tablet formats.

EasyMed CEO – Dr. Bisognano stated, “By implementing these upgrades, our Company has leveraged its technological assets to successfully integrate with health information systems which lack a mobile component or extension. Moreover, modularity, customization and new look and feel have been developed to further maximize interactivity and user experience for both patients and caregivers”.

EasyMed Services Inc. is a Medical and Health Technology Services Company based on an Internet and Mobile phone platform offering a range of services and applications for the healthcare industry resulting in lower costs for payers, providers and better patient outcomes. The main service features include reminders, Personal Health Records and secure access to medical service for patients and caregivers through any mobile phone platform or device available on the marketplace.

The company is operating and headquartered in Geneva, Switzerland with offices in Chennai, India and Toronto, Canada comprised of corporate management and qualified Medical and IT professionals.
