PRESS RELEASE 07-08**

**Immunall Science Inc. Signs Exclusive USA Distributorship Agreement**

Immunall Science Inc. (“Immunall”) is pleased to announce that it has signed an exclusive distributorship agreement with Cold and Flu Response LLC of Boulder Colorado. The agreement provides Cold and Flu Response with the exclusive rights to market Immunall’s patented immune enhancing product **ginse™** throughout the U.S. market.

David Rogers, C.E.O. of Immunall Science Inc remarked “this is it our first distribution agreement outside the Canadian market. It is an important milestone for Immunall to have developed an alliance with Cold and Flu Response and we are confident they will take full advantage of the powerful potential that **ginse™** provides”.

Mr. Jim Bruce, President of Cold and Flu Response, LLC, states “based on the scientific evidence supporting both the safety and efficacy, we are convinced that **ginse™** will rapidly become the US market leader in immune boosters. There is simply no better product on the market. We look forward to a long relationship with Immunall Science Inc.”.

**About Immunall Science Inc.**

Immunall Science Inc. uses a patented process to extract certain components of American Ginseng which have been shown to strengthen the immune system in humans and animals. The product **ginse™** (pronounced jin’say) will be marketed to companies for inclusion in current products as a value added ingredient or as a new stand-alone product.
