

Peartree Software Releases RV Dealership v.2.0

KITCHENER-WATERLOO, ON, **November 30, 2004** — Peartree Software Inc. is pleased to announce the release of *RV Dealership v.2.0* – simple, affordable, reliable web-based software for your RV dealership!

RV Dealership v.2.0 is dealer management software designed specifically for the unique needs of recreational vehicle (RV) dealerships. All of the software modules, including sales, service, parts, inventory, purchasing and finance are linked together, so that data only has to be entered once. The reporting module allows the user to view, print, fax or e-mail exactly the information needed. Drill down capabilities save time searching for items such as part numbers, customer names or suppliers.

RV Dealership v.2.0 delivers the benefits of a completely integrated software solution backed by Peartree's long history of client support and satisfaction. Peartree's clients attest that its products and services are proven, robust and dependable. Peartree Software's knowledgeable staff are dedicated to ensuring that its clients' business information needs are met, including 24/7 support, on-site training and preferred hardware pricing.

Attendees to the 42nd Annual National RV Trade Show held by the Recreational Vehicle Industry Association in Louisville, Kentucky are invited to drop in to see an informal demonstration of the new release of *RV Dealership v.2.0* between 4 pm and 8 pm (local time) on Wednesday, December 1, 2004 in the Collins Room, 2nd Floor, Galt House, 140 N 4th Street. See for yourself how *RV Dealership v.2.0* can improve the way you do business.
