**NEWS RELEASE**

---

June 9, 2011– Vancouver, British Columbia.

Hilltown Resources Inc. (the “Company”) (CNSX: **HLT**) is pleased to announce that Hilltown and Tecstones Geologia Ltda of Brazil (“TEC”) have closed the acquisition of an option (the “Option”) from TEC whereby Hilltown may earn a 100% interest in four mineral claims (the “Claims”) comprising 6,286 hectares located in Bahia State, Brazil (the “Claims”).

Based on the results of a preliminary due diligence sampling program announced in a news release dated March 3, 2011, which can be viewed at [sedar.com](http://sedar.com), Hilltown decided to proceed with a formal option agreement.

Hilltown can acquire the Claims by (i) incurring expenditure expenditures of US \$800,000 in three years: year 1- \$100,000, year 2- \$200,000 and year 3 - \$500,000. (ii) paying approximately \$2,455 to keep the Claims in good standing to 2012 and (ii) reimbursement of the Owners acquisition and exploration costs to a maximum of approximately \$44,550 payable by December 2011.

The Claims are subject to the following royalties which can be purchased by Hilltown.

Iron Ore - 2.5% of net sales proceeds (minus freight costs).The Iron Ore Royalty can be purchased by the payment of either:

- prior to drilling US \$2,000,000, or
- after drilling an amount equal to US\$1.00 per ton of iron ore above 60% grade iron ore proven resource, with phosphorus levels of less than, 0.06%,

Base Metals Royalty: 2% net smelter return which can be purchased by Hilltown at any time, by a payment of U.S. 1 million dollars for each royalty percentage point for an aggregate total of \$2,000,000 for the Base Metal royalty.

On behalf of  
HILLTOWN RESOURCES LTD.
